Status:06/04/2009-Referred to Com. on RLS.

Current Location:06/04/2009-S RLS.

Calendar Events:

Summary:

The Public Employees' Retirement Law calculates service retirement allowances, in part, based on years of credited service. Members of the Public Employees' Retirement System may receive service credit for public service not otherwise subject to credit, upon payment of specified additional contributions. Existing law authorizes specified members of that system, including employees or officers of the state, the university, a school employer, or a contracting agency and certain legislative employees, to elect to make additional contributions and receive up to 5 years of additional retirement service credit, as defined, subject to specified limitations. This bill would require the Board of Administration of the Public Employees' Retirement System to prepare a report on its study of members who have purchased additional retirement service credit, as specified, which was prepared as part of its systemwide actuarial investigation, and to file that report with specified committees of the Legislature , the Director of Finance, the Director of the Department of Personnel Administration, and the Legislative Analyst by February 1, 2010.

Summary:

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, under which health care services, including medical transportation services, are provided to qualified low-income persons. The Medi-Cal program is partially governed and funded under federal Medicaid provisions. This bill, as a condition of participation in the Medi-Cal program, commencing July 1, 2010, would impose on each public and private ambulance transportation services provider that bills and receives patient care revenue from the provision of ambulance transportation services, as defined, except as provided, a quality assurance fee for each transport provided, as specified. This bill contains other related provisions and other existing laws.

Calendar Events:06/22/10 9:30 a.m. - John L. Burton Hearing Room (4203) SEN GOVERNMENTAL ORGANIZATION

Summary: The Administrative Procedure Act contains provisions governing the conduct of administrative adjudication for state agencies. This bill would require the Director of Pesticide Regulation, the Department of Toxic Substances Control, the State Air Resources Board, the Department of Industrial Relations, and the State Water Resources Control Board to update the maximum and minimum amounts of specified civil and administrative penalties for inflation or deflation using the Consumer Price Index, as provided. The bill would require, if an administrative or civil penalty below the maximum monetary level authorized pursuant to those provisions is sought, that the penalty be assessed, at a minimum, at a level that recovers non-de minimis economic benefits derived by the violator, except as specified. Because local air districts, county agricultural commissioners, and unified program agencies would be subject to this requirement, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Calendar Events:

Summary: Existing law creates the Department of Forestry and Fire Protection within the Natural Resources Agency, and the department is responsible for fire protection, fire prevention, maintenance, and enhancement of the state's forest, range, and brushland resources, contract fire protection, associated emergency services, and assistance in civil disasters and other nonfire emergencies. This bill would authorize the department to develop and implement a fuels

reduction program that provides competitive grants or other financial incentives to communities located in the wildland-urban interface or very high fire hazard severity zones to conduct fuels reduction efforts that minimize the risk or decrease the intensity of a wildfire in or around a community. Cities, counties, districts, and nonprofit organizations would be authorized to receive the grants. The bill would require the department to develop criteria for the review and approval of grant applications, that may include the establishment of cost-sharing requirements and appropriate oversight and reporting requirements. Status:03/18/2010-Re-referred to Com. on BUDGET.

Current Location:03/18/2010-A BUDGET

Calendar Events:

Summary:

Existing law requires the county superintendent of schools to determine a revenue limit for each school district in the county. The amount of a school district's revenue limit funding is determined based, in part, on the number of units of average daily attendance. The Superintendent of Public Instruction is required to apportion to each school district the amount of revenue limit funding calculated pursuant to specified formulas minus, among other things, the amount of property taxes received by the school district. The Joint Exercise of Powers Act authorizes 2 or more public agencies, by agreement, to exercise any power common to the contracting parties. This bill would, in conjunction with and only upon the approval by the voters of Senate Constitutional Amendment No. _____, authorize local governmental entities to develop and implement a Countywide Strategic Action Plan to jointly use existing and additional resources to ensure progress toward common community goals. This bill would also authorize, under specified conditions, including, but not limited to, the adoption of a Countywide Strategic Action Plan, a county governing board to place before the voters an increase of up to an additional \$0.01 in the sales and use tax to be distributed pursuant to the adopted plan. This measure would prohibit the amount of a school district's revenue limit funding from taking into account any revenue received by the school district from property taxes, specified local sales and use taxes, or any taxes imposed pursuant to a Countywide Strategic Action Plan.

Calendar Events:06/29/10 1:30 p.m. - Room 3191 SEN ELECTIONS, REAPPORTIONMENT AND CONSTITUTIONAL AMENDMENTS

Summary:

Existing law imposes residency requirements on specified elected officials in California. The California Constitution provides that each house of the Legislature is the sole judge of the qualifications of its Members. This bill would require that a person elected to a nonjudicial public office for a county, city, or school district, maintain his or her place of residence within the jurisdiction within which voters are qualified to vote for the office during his or her term of office. The bill would require a person who violates this provision to immediately forfeit his or her office and would disqualify the person from holding any state or local public office for a period of 3 years. The bill would provide that these provisions would apply to all persons holding a nonjudicial, public office for a county, city, or school district on or after the effective date of the bill. As to persons holding these offices serving terms of office that commence on or after November 2, 2010, the bill would also make a violation of the residency requirement punishable by either a civil penalty not to exceed \$1,000 or a fine not to exceed \$1,000, imprisonment in a county jail for no more than 6 months, or by both fine and imprisonment. The bill would authorize enforcement of its provisions by the Attorney General, the district attorney or the county counsel of a county for a violation involving a nonjudicial public office whose territory is located wholly or partially within that county, or by the city attorney of a city for a violation involving a nonjudicial public office whose territory is located wholly or partially within that city. Summary:

The Warren-911-Emergency Assistance Act requires every local public agency to establish and operate, or to be a part of, an emergency telephone system using the digits "911," and creates the State 911 Advisory Board to assist in facilitating the purpose of the act to establish the number 911 as the primary emergency telephone number statewide. This bill would designate the second full week of April of each year as California Public Safety Telecommunicators Week

for the purpose of heightening citizen awareness of the great importance of 911 service and its role in keeping the public safe. The bill would require the Governor and the Legislature to annually issue proclamations and resolutions, as specified, that draw public attention to the week in order to encourage the private sector and state and local agencies to initiate activities recognizing public safety telecommunicators.

Calendar Events:06/23/10 1:30 p.m. - Room 3191 SEN REVENUE AND TAXATION

Summary: (1) Existing law authorizes a county board of supervisors to provide by ordinance for the reassessment of property that is damaged or destroyed, without fault on the part of the assessee, by a major misfortune or calamity, upon the application of the assessee or upon the action of the county assessor with the board's approval. With respect to certain counties that have adopted reassessment ordinances and have been declared by the Governor to be in a state of emergency as a result of certain events, existing law provides for state allocations of the estimated amounts of the reductions in property tax revenues resulting in certain fiscal years from reassessments under those ordinances. Existing law also continuously appropriates, without regard to fiscal years, moneys in the Special Fund for Economic Uncertainties for purposes of funding these state allocations. This bill would provide for similar state allocations with respect to property tax revenue reductions resulting from a reassessment for damages incurred within the County of Placer, which was declared by the Governor to be in a state of emergency due to the wildfires that commenced in August 2009. Summary: Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, under which health care services, including medical transportation services, are provided to qualified low-income persons. The Medi-Cal program is partially governed and funded under federal Medicaid provisions. Existing law and regulations prescribe various requirements governing payment policies and reimbursement rates for these services. This bill would authorize the department to utilize certain service levels for purposes of determining reimbursement rates for emergency and nonemergency basic life and advance life support transportation and specialty care transportation . If the department utilizes the aforementioned service levels, this bill would require the department to adopt the definitions and Healthcare Common Procedure Coding System codes for those service levels that have been established by the federal Centers for Medicare and Medicaid Services .

Summary: The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its members based on age at retirement, service credit, and final compensation. PERL defines "final compensation" for purposes of calculating a member's retirement allowance. The State Teachers' Retirement Law, which applies to specified school employees, and the retirement laws for county employees and city employees also provide for a defined benefit based on age at retirement, service credit, and final compensation. This bill would generally provide, effective July 1, 2011, that any change in salary, compensation, or remuneration principally for the purpose of enhancing a member's benefits would not be included in the calculation of a member's final compensation for purposes of determining that member's defined benefit. The bill would require the board of each state and local public retirement system to establish, by regulation, accountability provisions that would include an ongoing audit process to ensure that a change in a member's salary, compensation, or remuneration is not made principally for the purpose of enhancing a member's retirement benefits. This bill would limit the calculation of a member's final compensation to an amount not to exceed the average increase in compensation received within the final compensation period and the 2 preceding years by employees in the same or a related group as that member. This bill would also require a board of each state and local public retirement system to establish, by regulation, a requirement that a retired person may not perform services for any employer covered by a state or local retirement system until that person has been separated from service for a period of at least 180 days. This bill would provide for the implementation of the changes under the applicable retirement laws that apply to counties and cities. This bill contains other related provisions.

Summary: Existing law requires the State Fire Marshall, the chief fire official of any city, county, or fire

protection district and their authorized representatives to enforce regulations and building standards relating to fire and panic safety published in the California Building Standards Code in all state-owned buildings, state-occupied buildings, and state institutions throughout the state, as specified. Under existing law, the California Building Standards Code is in Title 24 of the California Code of Regulations and the building design and construction standards for the State Fire Marshal are in Title 19 of the California Code of Regulations . The bill would authorize the State Fire Marshal to enforce the building standards and other regulations of the State Fire Marshal on all University of California campuses and properties administered or occupied by the University of California. The bill would authorize the State Fire Marshal to delegate that authority to the person of his or her choice for each university campus or property who would be known as the Designated Campus Fire Marshal. This bill would require any Designated Campus Fire Marshal to enforce those regulations and building standards relating to fire and panic safety, as specified. This bill would also replace those references, and related references, to the California Building Standards Code with references to Titles 19 and 24 of the California Code of Regulations. Status:06/07/2010-In committee: Set, first hearing. Hearing canceled at the request of author.

Current Location:05/20/2010-S E.Q.

Calendar Events:

Summary:

(1) Existing law generally requires a local agency, as defined, to inspect every underground tank system, as defined, that is used for the storage of hazardous substances, at least once every year. After conducting the inspection, the local agency is required to prepare a compliance report detailing the inspection and to send a copy of the report to the permit holder and the owner or operator. Existing law authorizes the local agency, instead of performing the inspection itself, to require the permit holder to employ a special inspector to conduct the annual inspection. Within 60 days of receiving a compliance report or special inspection report, the permit holder is required to file with the local agency a plan to implement all recommendations contained in the compliance report or to demonstrate why those recommendations should not be implemented. This bill would require the California Environmental Protection Agency, by June 30, 2011, and in consultation with specified entities, to implement a process by which the local agency may verify annually the accuracy of the tank number issued by the State Board of Equalization, to determine that the tank number is the correct and accurate number for the permitted tank. The bill would require the local agency, pursuant to that process, to verify annually that the tank number issued by the State Board of Equalization for the permitted tank is correct and accurate, thereby implementing a state-mandated local program. This bill contains other related provisions and other existing laws.

Calendar Events:

Summary: The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its members based on age at retirement, service, credit, and final compensation. PERL defines final compensation variously based on different member classifications, bargaining units, and dates of hire. PERL generally provides for a definition of final compensation based on the highest annual average compensation earnable by the member during a designated 12-month or 36-month period. This bill would provide that final compensation for a person who becomes a state member of the system on or after January 1, 2011, and who is represented by State Bargaining Unit 5, 6, 8, 9, or is a peace officer/firefighter member of State Bargaining Unit 7, means the highest annual average

compensation earnable by the member during a designated 36-month period. The bill would also apply this definition of final compensation to a state employee who is excepted from the definition of state employee for purposes of state labor relations, as specified, or an officer or employee of the executive branch of state government who is not a member of the civil service, who is employed by the state for the first time and becomes a state member of the system on or after January 1, 2011.

Status:06/10/2010-Referred to Com. on L. & I.R.

Calendar Events:

Summary:

Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of his or her employment. Existing law requires an employer to provide, or pay for all reasonable costs of, medical services necessary to care for or relieve work-related injuries. Existing law further provides that in the case of active firefighting members of certain state and local fire departments and in the case of certain peace officers, a compensable injury includes cancer that develops or manifests itself during the period when the firefighter or peace officer demonstrates that he or she was exposed, while in the service of the public agency, to a known carcinogen, as defined, and the carcinogen is reasonably linked to the disabling cancer. Existing law establishes a presumption that the cancer in these cases is presumed to arise out of, and in the course of, employment, unless the presumption is controverted by evidence that the primary site of the cancer has been established and that the carcinogen to which the member has demonstrated exposure is not reasonably linked to the disabling cancer. This bill would provide that the above-described presumption shall be extended to a member following termination of service for a period of 3 calendar months, but not to exceed 120 months in any circumstance, commencing with the last date actually worked in the specified capacity. Existing law requires a person who owns, leases, controls, operates, or maintains an occupied dwelling or occupied structure in, upon, or adjoining a mountainous area, forest-covered land, brush-covered land, grass-covered land, or land that is covered with flammable material that is within a very high fire hazard severity zone, as designated by a local agency, to maintain a defensible space of 100 feet from each side and from the front and rear of the structure. Existing law requires a person who owns, leases, controls, operates, or maintains a building or structure in, upon, or adjoining a mountainous area, forest-covered land, brush-covered land, grass-covered land, or land that is covered with flammable material, within a state responsibility area, to maintain a defensible space of 100 feet from each side and from the front and rear of the structure. An insurance company that insures an occupied dwelling or occupied structure is authorized to require a greater distance, but this greater distance is prohibited from extending beyond the property line unless allowed by state law or a local ordinance, rule, or regulation. This bill would authorize a state public lands management agency, as defined, to establish a discretionary permitting or approval process containing specified elements, to consider an application from a person to maintain defensible space on state public lands if that person's defensible space requirement encroaches onto state public lands. The bill would authorize a state public lands management agency to impose conditions or limitations on maintenance of defensible space or that minimize any other adverse impact to the environment.

Summary:

Existing law establishes within state government the California Law Revision Commission to examine the common law and statutes of the state and judicial decisions for the purpose of discovering defects and anachronisms in the law and recommending needed reforms to the Governor and the Legislature. This bill would establish the California Constitution Revision Commission, prescribe its membership, and specify its powers and duties. The bill would require the commission to submit a report to the Governor and the Legislature no later than August 1, 2012, that sets forth its findings with respect to the formulation and enactment of a state budget and recommendations for the improvement of that process. The commission would also be required to report on specified issues relating to the structure of state governance. This bill contains other existing laws.

Summary:

Existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, authorizes each county to designate an emergency medical services (EMS) agency, for the establishment and administration of an emergency medical services program in the county. Existing law also establishes the Emergency Medical Services Authority (EMSA), which, among other things, adopts guidelines and regulations governing the provision of emergency medical services. Violation of these provisions is a crime. This bill would specify that the regulations of the authority shall include policies and procedures applicable to the functions, certification, and licensure of all emergency medical technician personnel, as defined, and would require the local EMS agencies to adhere to these standards. The bill would authorize the authority to develop and adopt a related fee schedule and fee increases to support the authority's actual costs to promulgate the additional regulations. The bill would provide that any policies and procedures implemented by a local EMS agency that are not in accordance with the standards required under the bill are subject to approval by the Director of the EMSA and the Emergency Medical Services Commission, as specified, prior to implementation. By requiring that the local entities comply with these requirements, and by changing the definition of an existing crime, this bill would impose a state-mandated local program. Calendar Events:06/15/10 9:30 a.m. - Room 3191 SEN ENERGY, UTILITIES AND COMMUNICATIONS

Summary:

Existing provisions of the Warren-911-Emergency Assistance Act establish the number "911" as the primary emergency telephone number of use in the state. The existing Emergency Telephone Users Surcharge Act generally imposes a surcharge on amounts paid by every person in the state for intrastate telephone service that is imposed at a percentage rate, not less than 0.5% nor more than 0.75% as annually estimated to provide revenues sufficient to fund "911" emergency telephone system costs for the current fiscal year. Surcharge amounts are paid to the State Board of Equalization on a monthly basis by the telephone service supplier and are deposited into the State Treasury to the credit of the State Emergency Telephone Number Account in the General Fund. Under existing law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including telephone corporations, except to the extent regulation of commercial mobile radio service is preempted by federal regulation. This bill would require the PUC to open proceedings or expand the scope of existing proceedings to determine an equitable manner for mobile telephony service providers to collect the surcharge from users of prepaid communications services, and would require the PUC to advise the board of its determination. This bill contains other related provisions.

Existing provisions of the California Constitution prohibit the Legislature from sending to the Governor for consideration, and prohibit the Governor from signing, a Budget Bill that would appropriate from the General Fund a total amount that, when combined with specific appropriations and transfers, exceeds the General Fund revenues for that fiscal year estimated as of the date of the Budget Bill's passage. This bill would make statutory changes to the state budget process to implement and conform to constitutional changes proposed by ACA 4 and would become operative only if ACA 4 is approved by the voters.

The State Assistance for Fire Equipment Act authorizes the Secretary of Emergency Management to acquire specified firefighting apparatus and equipment for resale to a local agency, as defined, that provides fire suppression services or a fire company. Existing law also establishes the State Assistance for Fire Equipment Account, a continuously appropriated fund, for purposes of the act. Existing law requires the secretary to consult with a specified committee before adopting regulations implementing the act. This bill would annually appropriate \$45,600,000 of revenue received by the state from the accessing of oil and gas reserves located beneath state coastal waters, generally known as the "T-Ridge Project," for firefighting

purposes, including, but not limited to, the purchase of firefighting and rescue vehicles and equipment, vegetation management and defensible space projects, and specified training courses and materials, thereby making an appropriation. Summary:

The Community Redevelopment Law authorizes the establishment of redevelopment agencies in communities in order to address the effects of blight, as defined, in those communities and requires those agencies to prepare, or cause to be prepared, and approve a redevelopment plan for each area. Existing law also requires that not less than 20% of the tax-increment revenue allocated to a redevelopment agency be used to increase, improve, and preserve the supply of the community's low- and moderate-income housing within the territorial jurisdiction of the agency, and for this purpose, the funds are held in a separate Low and Moderate Income Housing Fund. This bill would redefine the term redevelopment to include improving, increasing, or preserving emergency shelters for homeless persons or households. The bill would authorize donor agencies, as defined, located within the same housing region to create and participate in a joint powers authority and to enter into an interagency agreement for the purpose of pooling a permitted portion of housing funds for emergency shelters for homeless persons or households and transitional housing units. The bill would authorize the agencies to transfer a portion of their housing funds to a joint powers authority or to a receiving agency, as defined, for use by the authority or agency pursuant to these provisions. The bill would require that the emergency shelters assisted with low- and moderate-income housing funds remain available at affordable housing cost to specified persons, families, and households for not less than 55 years, provided that a certain requirement is met.

Summary:

Existing law creates the California Emergency Management Agency and requires it to perform a variety of duties with respect to specified emergency preparedness, mitigation, and response activities in the state. Prior to the creation of the California Emergency Management Agency, these activities were the responsibility of the Governor's Office of Emergency Services and the Office of Homeland Security. The Budget Act of 2003 eliminated the Office of Criminal Justice Planning, and its responsibilities for administering a variety of planning, training, education, and crime suppression and mitigation programs ultimately were assigned to the Office of Emergency Services. This bill would make conforming changes to reference the California Emergency Management Agency as the agency responsible for the programs and activities described above. The bill would require, beginning July 1, 2011, that the agency report biennially to the Legislature, as specified, and delete other reporting requirements, both current and previously

due. The bill would require the Secretary of Emergency Management to establish a Curriculum Development Advisory Committee, which would make recommendations regarding terrorism awareness curriculum and response training and would eliminate the Emergency Response Training Advisory Committee. Among other things the bill would also eliminate the requirement that the Seismic Safety Commission establish an urban search and rescue emergency response advisory committee and the responsibility of the California Emergency Management Agency to monitor, evaluate, and report on various projects related to runaway youth.

Summary: The California Constitution authorizes the existence of local governments that can make and enforce ordinances and regulations that are not in conflict with general laws. The California Constitution also requires that general ad valorem property tax revenues be allocated to local jurisdictions in each county in the manner as provided in statute. This measure would authorize local government agencies, in the manner provided for by statute, to adopt and implement a Countywide Strategic Action Plan, and, upon adoption of the plan in a county, would authorize the county board of supervisors to place on the ballot a measure to impose an additional countywide sales and use tax, the revenues of which would be distributed as provided pursuant to statute and the Countywide Strategic Action Plan. This measure would prohibit the state from reallocating the proceeds of a non-ad valorem tax that is imposed by a local government agency, would specify that general ad valorem property tax revenues are required to be allocated to jurisdictions in the county in which those revenues are collected, and would prohibit the direction by statute of the expenditure of those revenues for any specific purpose or purposes. Status:07/06/2009-Read second time. To third reading. Placed on inactive file on request of Assembly Member Torrico.

Current Location:07/06/2009-A INACTIVE FILE

Calendar Events:

Summary: Existing law establishes which persons are included in the definition of peace officers. Existing law requires that persons desiring peace officer status who were not entitled to be designated as peace officers, as specified, shall request the Commission on Peace Officer Standards and Training to undertake a feasibility study regarding designating those persons as peace officers. This bill would require the commission, upon receiving a request, to conduct a feasibility study regarding designating as peace officers members of a fire department bomb squad unit who are certified, by December 31, 2009, by the Federal Bureau of Investigation as certified bomb technicians. The bill would specify that the commission may seek reimbursement for the reasonable cost of the study from the requesting person or entity.

Current Location:06/07/2010-A TRANS.

Calendar Events:06/14/10 1:30 p.m. - State Capitol, Room 4202 ASM TRANSPORTATION

Summary: Existing law requires the Department of Motor Vehicles to issue, upon the payment of an initial fee of \$35 and a \$20 fee for each renewal of registration, special interest license plates to firefighters who meet prescribed requirements. The revenue derived from the payment of these special fees for firefighter's license plates, less the department's costs, are required to be deposited in the California Firefighters' Memorial Fund. This bill would increase those fees to \$50 for the initial issuance of the special license plates and \$35 for each renewal of registration of the vehicle. This bill contains other related provisions and other existing laws.

Calendar Events:

Summary: Existing law requires certain transferors of real property improved with 1 to 4 dwelling units, as well as transferors of mobilehomes and manufactured homes, to make specified disclosures to prospective transferees regarding the characteristics of the property and prescribes forms for the purpose of making these disclosures. Existing law requires the transferor of real property containing a single-family dwelling to provide transferees written notice of compliance with specified requirements for the installation of smoke detectors. Existing law requires the seller of any real property containing a water heater to certify in writing to a prospective purchaser compliance with specified safety requirements related to those water heaters. This bill would revise the disclosure forms, described above, to provide a seller certification that the property, at

the close of escrow, will be in compliance with the requirements for smoke detectors and water heaters, described above, and to remove these provisions from elsewhere in the forms. The bill would also revise the disclosure forms to add a disclosure regarding carbon monoxide devices and a statement specifying that installation of a listed appliance, device, or amenity is not a precondition to sale or transfer. This bill contains other related provisions and other existing laws.

Status:07/01/2009-Set, second hearing. Hearing canceled at the request of author.

Current Location:06/08/2009-A L. GOV.

Calendar Events:

Summary:

Existing law requires a redevelopment agency to make specified payments of property tax increment funds in specified fiscal years to taxing entities, and requires that these payments be allocated among these entities in proportion to the percentage share of property tax revenues received by these entities in these fiscal years. Existing law requires, on or before October 1, 2009, each redevelopment agency to submit a report to the county auditor and to each affected taxing entity that describes each project area, including its location, purpose, date established, date or dates amended, and statutory and contractual passthrough requirements. Existing law requires the report to include specified information in a specified manner for each project area. Existing law requires the county auditor to review each redevelopment agency's report and any other relevant information to determine whether the county auditor concurs with the information included in the reports. Existing law requires the redevelopment agency to make outstanding payments to a local educational agency, as specified, if the agency's report indicates outstanding payment obligations to a local educational agency. This bill would include under these provisions a redevelopment plan that was adopted prior to January 1, 1994, but amended after January 1, 1994, to increase the limitation on the number of dollars to be allocated to the redevelopment agency or that increased, or eliminated, the time limit on the establishing of loans, advances, and indebtedness, or that lengthened the period during which the redevelopment plan is effective, as specified. The bill also would declare that the changes to these provisions do not constitute a change in, but are declaratory of, existing law.

Status:09/04/2009-Read third time. Amended. (Page 3037.) Re-referred to Com. On G.O. pursuant to Assembly Rule 77.2.

Current Location:09/04/2009-A G.O.

Calendar Events:

Summary: Existing law, the Public Safety Communication Act of 2002, provides that the Public Safety Radio Strategic Planning Committee shall have primary responsibility in state government to develop and implement a statewide integrated public safety communication system that facilitates interoperability among state public safety departments and other first response agencies and to coordinate other shared uses of the public safety spectrum. It requires the committee to make recommendations for state agency purchase of public safety radio subscriber equipment that will enable those agencies to commence conforming to industry and governmental interoperability standards. The act defines various terms for these purposes. This bill would recast various provisions of the act. The bill would revise and add to the act's definitions and rename the committee the State Emergency Communications Council. The bill would modify the responsibilities of the committee for purposes of the act and require the committee to establish guidelines for the purchase of public safety communications equipment. The bill would require the California Emergency Management Agency to submit specified updates and addenda relating to the California Statewide Communications Interoperability Plan to the Legislature and would require the office of the State Chief Information Officer to produce a Public Safety Communications Strategic Plan on or before June 1, 2010, and every 5 years thereafter, as specified.

Calendar Events:

Summary: Under existing law, duties and responsibilities are imposed upon the Governor and the Director of Finance relating to the preparation and submission of the annual state budget to the Legislature, including, among other things, providing a complete plan of all proposed expenditures and estimated revenues for the ensuing fiscal year. Existing provisions of the California Constitution prohibit the Legislature from sending to the Governor for consideration, and prohibit the Governor from signing, a Budget Bill that would appropriate from the General Fund a total amount that, when combined with specific appropriations and transfers, exceeds the General Fund revenues for that fiscal year estimated as of the date of the Budget Bill's passage. This bill would make statutory changes to implement and conform to constitutional changes proposed by SCA 19 and would become operative only if SCA 19 is approved by the voters.

Status:04/22/2010-Hearing postponed by committee.

Current Location:04/12/2010-S B. & F.R.

Calendar Events:

Summary: Existing law requires the county superintendent of schools to determine a revenue limit for each school district in the county. The amount of a school district's revenue limit funding is determined based, in part, on the number of units of average daily attendance. The Superintendent of Public Instruction is required to apportion to each school district the amount of revenue limit funding calculated pursuant to specified formulas minus, among other things, the amount of property taxes received by the school district. The Joint Exercise of Powers Act authorizes 2 or more public agencies, by agreement, to exercise any power common to the contracting parties. This

bill would, in conjunction with and only upon the approval by the voters of Senate Constitutional Amendment No. _____, authorize local governmental entities to develop and implement a Countywide Strategic Action Plan to jointly use existing and additional resources to ensure progress toward common community goals. This bill would also authorize, under specified conditions, including, but not limited to, the adoption of a Countywide Strategic Action Plan, a county board of supervisors to place before the voters an increase of up to an additional \$0.01 in the sales and use tax to be distributed pursuant to the adopted plan. This measure would prohibit the amount of a school district's revenue limit funding from taking into account any revenue received by the school district from property taxes, specified local sales and use taxes, or any taxes imposed pursuant to a Countywide Strategic Action Plan.

Status:06/04/2010-Failed Deadline pursuant to Rule 61(b)(11). (Last location was RLS. on 2/4/2010)

Current Location:06/04/2010-S DEAD

Calendar Events:

Summary:

The Public Employees' Retirement Law provides a comprehensive set of rights and benefits for members of the Public Employees' Retirement System based upon age, service credit, and final compensation. That law establishes retirement formulas, known as the Second Tier, modified First Tier, and First Tier, that are applicable to specified members of the retirement system. Under that law, a member who elects to be subject to Second Tier benefits shall be paid his or her accumulated contributions plus interest, subject to specified conditions. Under that law, effective January 1, 2000, a member who received service credit subject to Second Tier benefits may elect to become subject to First Tier benefits and contribution rates. That law requires a member who elects to become subject to First Tier benefits to deposit accumulated contributions the member withdrew while he or she was subject to Second Tier benefits, plus interest, as specified. This bill would make a technical, and nonsubstantive change to these provisions.

Calendar Events:06/16/10 1:30 p.m. - State Capitol, Room 447 ASM LOCAL GOVERNMENT

Summary: The Planning and Zoning Law requires the legislative body of a city or county to adopt a comprehensive, long-term general plan that includes various elements, including, among others, a safety element for the protection of the community from unreasonable risks associated with, among other things, wildland and urban fires. The safety element includes requirements for state responsibility areas, as defined, and very high fire hazard severity zones, as defined. This bill would revise the safety element requirements for state responsibility areas and very high fire hazard severity zones, as specified, and require the safety element, prior to January 1, 2015, and thereafter upon each revision of the housing element, to be reviewed and updated as

necessary to address the risk of fire in state responsibility areas and very high fire hazard severity zones, taking into account specified considerations, including, among others, the most recent version of the Office of Planning and Research's "Fire Hazard Planning" document, which this bill would require the office to update on or before January 1, 2012. By imposing new duties on a city or county with regard to reviewing and updating its general plan, this bill would impose a state-mandated local program. Calendar Events:06/22/10 1:30 p.m. - State Capitol, Room 444 ASM ELECTIONS AND REDISTRICTING

Summary: The Political Reform Act of 1974 requires each state and local government agency to adopt and promulgate a conflict of interest code that establishes conflict of interest standards for designated employees of that agency and requires those employees to file statements of economic interest disclosing specified personal financial information. The act further requires specified public officials, including officials who manage public investments, to also file statements of economic interest, but does not require those officials to be specifically enumerated in the agency's conflict of interest code. This bill would require a public retirement board, commission, or agency to attach to its conflict of interest code an appendix that lists each position for which an individual occupying that position is required to file a statement of economic interests as a public official who manages public investments, as defined. The bill would further require the board, commission, or agency to post the appendix on its Internet Web site. This bill contains other related provisions and other existing laws.

Summary: Existing law authorizes a redevelopment agency to amend a redevelopment plan to extend the time limit on the effectiveness of the plan for up to 10 additional years beyond a specified limit. Existing law requires that in order to adopt this amendment, the agency, among other things, adopt a report containing specified information to the legislative body no later than 45 days prior

to the public hearing on the proposed amendment. Existing law also requires that after receiving the agency's recommendation on the proposed amendment, the legislative body, or alternatively, the agency and the legislative body, hold a public hearing on the proposed amendment. This bill would modify the information required to be included in the agency's report to the legislative body. The bill would also require the legislative body, or alternatively, the agency and the legislative body, to consider any objections with the proposed amendment expressed by the affected taxing entities, a project area committee, if any, residents, and community organizations at the public hearing.

SB 1375 (Price) Telephone corporations: residential telephone service: (A-05/12/2010 [html](#) [pdf](#))

Status:06/03/2010-To Com. on U. & C.

Current Location:06/03/2010-A U. & C.

Calendar Events:06/28/10 Anticipated Hearing ASM U. & C.

Summary:

(1) Existing law requires all local telephone corporations, excluding providers of mobile telephony service and mobile satellite telephone service, to the extent permitted by existing technology or facilities, to provide every existing and newly installed residential telephone connection with access to "911" emergency service regardless of whether an account has been established. This bill would instead require local telephone corporations to provide every subscriber of tariffed residential basic exchange service, rather than every existing and newly installed residential telephone connection, with access to "911" emergency service. This bill contains other related provisions and other existing laws.

Calendar Events:06/23/10 9 a.m. - State Capitol, Room 444 ASM PUBLIC EMPLOYEES, RETIREMENT AND SOCIAL SECURITY

Summary:

The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its members based on age at retirement, service credit, and final compensation. PERL defines "final compensation" for purposes of calculating a member's retirement allowance. The State Teachers' Retirement Law (STRL) and the retirement laws for county employees and city employees also provide for a defined benefit based on age at retirement, service credit, and final compensation. This bill would provide that any change in salary, compensation, or remuneration principally for the purpose of enhancing a member's benefits would not be included in the calculation of a member's final compensation for purposes of determining that member's defined benefit. The bill would generally require the board of each state and local public retirement system to establish, by regulation, accountability provisions that would include an ongoing audit process to ensure that a change in a member's salary, compensation, or remuneration is not made principally for the purpose of enhancing a member's retirement benefits. This bill would revise the definition of "creditable compensation" and would limit the calculation of a member's final compensation to an amount not to exceed the average increase in compensation received within the final compensation period and the 2 preceding years by employees in the same or a related group as that member. This bill would also require a board of each state and local public retirement system to establish, by regulation, a requirement that a retired person may not perform services for any employer covered by a state or local retirement system until that person has been separated from service for a period of at least 180 days. This bill would provide for the implementation of these required changes under the laws that govern PERS and STRL. This bill contains other related provisions.

SB 1427 (Price) Foreclosures: property maintenance. (A-05/12/2010 [html](#) [pdf](#))

Status:06/10/2010-To Com. on JUD.
 Current Location:06/10/2010-A JUD.
 Calendar Events:

Summary: Existing law, until January 1, 2013, requires a legal owner to maintain vacant residential property purchased at a foreclosure sale, or acquired by that owner through foreclosure under a mortgage or deed of trust. Existing law authorizes a governmental entity to impose civil fines and penalties for failure to maintain that property of up to \$1,000 per day for a violation. This bill would require a governmental entity, prior to imposing a fine or penalty for failure to maintain a vacant property that is subject to a notice of default, that is purchased at a foreclosure sale, or that is acquired through foreclosure, to provide the owner of that property with a notice of the violation and an opportunity to correct the violation. This notice requirement would not apply if the governmental entity determines that a specific condition of the property threatens public health or safety . The bill would further provide that the costs of nuisance abatement measures taken by a governmental entity with regard to property that is subject to a notice of default, that is purchased at a foreclosure sale, or acquired through foreclosure, shall not exceed the actual and reasonable costs of nuisance abatement . This bill would also require a governmental entity to adopt a schedule of the costs of nuisance abatement prior to the collection of those costs.

 Calendar Events:

Summary: The California Constitution prohibits any ad valorem tax on real property from exceeding 1% of the full cash value of the property, subject to certain exceptions. This measure would create an additional exception to the 1% limit on ad valorem tax on real property, for an ad valorem rate imposed by a city, county, city and county, or special district to pay for bonded indebtedness incurred to fund facilities, buildings, or equipment used directly and exclusively to provide emergency services to the public, or to fund the related acquisition or lease of real property, if approved by 55% of the voters of the city, county, city and county, or special district, as applicable. This bill contains other related provisions and other existing laws.

Status:05/12/2010-Hearing postponed by committee. (Refers to 4/22/2010 hearing)

Current Location:04/12/2010-S B. & F.R.

Calendar Events:

Summary: Under the existing California Constitution, the initiative is the power of the electors to propose statutes and amendments to the state constitution and to adopt or reject them. This measure would require that an initiative measure that would result in a net increase in state or local government costs, other than costs attributable to the issuance, sale, or repayment of bonds authorized by the measure, as jointly determined by the Legislative Analyst and Director of Finance, may not be submitted to the electors or have any effect unless and until the Legislative Analyst and the Director of Finance jointly determine that the initiative measure provides for additional revenues in an amount that meets or exceeds the net increase in costs. This bill contains other related provisions and other existing laws.
