Status:08/24/2010-From committee: Be re-referred to Com. on APPR pursuant to Senate Rule 29.10. (Ayes 3. Noes 1.) Re-referred to Com. on APPR.

Current Location:08/24/2010-S APPR.

Calendar Events:

Summary: Under existing law, any taxing agency or instrumentality of the state may file a petition and prosecute to completion bankruptcy proceedings permitted under the laws of the United States. This bill would provide that a local public entity may only file under federal bankruptcy law with the approval of the California Debt and Investment Advisory Commission, except as specified. The bill would also provide an alternative procedure for a local entity to file under federal bankruptcy law by submitting specific analyses regarding its financial position to the State Auditor who would be required to audit the analyses and financial position of the local entity. The public entity would be authorized to file a petition under federal bankruptcy law after the State Auditor has notified the public entity of completion of its audit work and made public the findings of that audit.

Current Location:08/23/2010-S THIRD READING

Calendar Events:

Summary: The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its employees based on age at retirement, service credit, and final or highest compensation paid to the employee. In the case of an employee who has been employed by one or more contracting public agencies, retirement benefits distributed to that employee is the obligation of all of contracting public agency employers and is prorated to each of the contracting public agencies based upon the number of years that the employee worked for each of those agencies. This bill would provide that the obligations for retirement

benefits that are attributable to excess compensation earned by a nonrepresented employee who was employed by one or more public agencies shall be the sole obligation of the subsequent contracting agency that paid the excess compensation. This bill would define "excess compensation" as the final compensation of an employee of a contracting agency who previously worked for another contracting agency to the extent the final compensation received from the current contracting agency is in excess of 15% of the salary paid by the prior contracting agency, as adjusted for actuarial increases in that salary.

Status:08/23/2010-Read second time. To third reading. Re-referred to Com. on RLS. pursuant to Senate Rule 29.10(c).

Current Location:08/23/2010-S THIRD READING

Calendar Events:

Summary:

The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its members based on age at retirement, service credit, and final compensation, as defined. The State Teachers' Retirement Law (STRL) and the retirement laws for county employees and city employees also provide for a defined benefit based on age at retirement, service credit, and final compensation. Existing law requires the California Citizens Compensation Commission to establish the annual salary and the medical, dental, insurance, and other similar benefits of state officers. This bill would specify that, notwithstanding any other law, for the purposes of determining a retirement benefit paid to a person who first becomes a member of a public retirement system on or after January 1, 2011, the maximum salary or payrate upon which retirement benefits shall be based shall not exceed 125% of the salary recommended by the California Citizens Compensation Commission to be paid to the Governor of the State of California, effective December 7, 2009. The bill would require that this amount be adjusted annually based on changes in the All Urban California Consumer Price Index.

Status:08/23/2010-Read second time. To third reading. Re-referred to Com. on RLS. pursuant to Senate Rule 29.10(c).

Current Location:08/23/2010-S THIRD READING

Calendar Events:

Summary:

Under existing law, counties and districts may provide retirement benefits to their employees pursuant to the County Employees Retirement Law of 1937 (CERL). CERL specifies the minimum ages and years of service that are required in order to become eligible for retirement. That law generally permits the board of supervisors of a county or the governing board of a district, by resolution adopted by majority vote and pursuant to a memorandum of understanding, as specified, to make certain formulas for the calculation of benefits for its members based on their classification. The bill would provide that compensation paid to a retiring member to restore compensation the member would have been entitled to receive pursuant to a collective bargaining agreement fully executed on or before July 1, 2010, that was subsequently deferred or otherwise modified as a result of a concessionary amendment executed prior to September 1, 2010, shall be considered compensation earnable and not be deemed to have been paid for the purpose of enhancing a member's retirement benefit. This bill contains other related provisions.

Status:06/04/2009-Referred to Com. on RLS.

Current Location:06/04/2009-S RLS.

Calendar Events:

Summary: The Public Employees' Retirement Law calculates service retirement allowances, in part, based on years of credited service. Members of the Public Employees' Retirement System may receive service credit for public service not otherwise subject to credit, upon payment of specified additional contributions. Existing law authorizes specified members of that system, including employees or officers of the state, the university, a school employer, or a contracting agency and certain legislative employees, to elect to make additional contributions and receive up to 5 years of additional retirement service credit, as defined, subject to specified limitations. This bill would require the Board of Administration of the Public Employees' Retirement System to prepare a report on its study of members who have purchased additional retirement service credit, as specified, which was prepared as part of its systemwide actuarial investigation, and to file that report with specified committees of the Legislature, the Director of Finance, the Director of the Department of Personnel Administration, and the Legislative Analyst by February 1, 2010.

Summary: The Meyers-Milias-Brown Act contains various provisions that govern collective bargaining of local represented employees. The Ralph M. Brown Act requires that all meetings of a legislative body of a local agency be open and public and all persons be permitted to attend unless a closed session is authorized. Existing law requires all contracts of employment between an employee and a local agency employer to include a provision which provides that regardless of the term of the contract, if the contract is terminated, the maximum cash settlement that an employee may receive shall be an amount equal to the monthly salary of the employee multiplied by the number of months left on the unexpired term of the contract, with a maximum of 18 months. This bill would,

notwithstanding that provision, on and after January 1, 2011, prohibit an employment contract for a local excluded employee, as defined, from including any clause that provides for an automatic renewal, an automatic compensation increase, a severance payment greater than 12 months' salary, or an automatic raise in excess of a cost-of-living adjustment. The bill would also require a performance review of any unrepresented individual who is or will be employed by, and report directly to, the legislative body of the local agency, before a raise in excess of a cost-of-living adjustment may be implemented for that individual. The bill would also require the vote to increase that person's salary in excess of a cost-of-living adjustment to be made in open session. By expanding the duties of local officials, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Status:08/23/2010-Read second time. To third reading. Re-referred to Com. on RLS. pursuant to Senate Rule 29.10(c).

Current Location:08/23/2010-S THIRD READING

Calendar Events:

Summary: Existing property tax law establishes various procedures and requirements with respect to the annual allocation of ad valorem property tax revenues derived from the ad valorem taxation of locally assessed property. These procedures include a reduction in the allocation of ad valorem property taxes to a jurisdiction that imposes a rate in excess of the maximum rate authorized by law in amounts equal to the amount collected pursuant to the excess rate, and requires any amount subtracted from a jurisdiction's allocation to be allocated to elementary, high school, and unified school districts, as provided. This bill would instead require, with respect to the ad valorem property taxes collected in excess of the maximum rate authorized by law in the 2007-08, 2008-09, and 2009-10 fiscal years for the City of Bell, that the City of Bell pay the County of Los Angeles an amount equal to the amount of ad valorem property taxes collected in excess of the maximum rate, and would require the County of Los Angeles to make refunds to taxpayers, as provided. This bill would require those amounts remaining after making refunds to taxpayers, as specified, to be allocated to elementary, high school, and unified school districts, as provided. This bill would require the City of Bell to reimburse the county auditor for the actual and reasonable costs incurred by the county auditor in administering these refunds and allocations. This bill would also make findings

and declarations regarding the necessity of a special statute. This bill contains other related provisions and other existing laws.

Current Location:03/18/2010-A BUDGET

Calendar Events:

Summary: Existing law requires the county superintendent of schools to determine a revenue limit for each school district in the county. The amount of a school district's revenue limit funding is determined based, in part, on the number of units of average daily attendance. The Superintendent of Public Instruction is required to apportion to each school district the amount of revenue limit funding calculated pursuant to specified

formulas minus, among other things, the amount of property taxes received by the school district. The Joint Exercise of Powers Act authorizes 2 or more public agencies, by agreement, to exercise any power common to the contracting parties. This bill would, in conjunction with and only upon the approval by the voters of Senate Constitutional Amendment No. _____, authorize local governmental entities to develop and implement a Countywide Strategic Action Plan to jointly use existing and additional resources to ensure progress toward common community goals. This bill would also authorize, under specified conditions, including, but not limited to, the adoption of a Countywide Strategic Action Plan, a county governing board to place before the voters an increase of up to an additional \$0.01 in the sales and use tax to be distributed pursuant to the adopted plan. This measure would prohibit the amount of a school district's revenue limit funding from taking into account any revenue received by the school district from property taxes, specified local sales and use taxes, or any taxes imposed pursuant to a Countywide Strategic Action Plan.

Existing law and regulations prescribe various requirements governing payment policies and reimbursement rates for these services. This bill would authorize the department to utilize certain service levels for purposes of determining billing codes for emergency and nonemergency basic life and advance life support transportation and specialty care transportation. If the department utilizes the aforementioned service levels to determine billing codes, this bill would require the department to, by June 30, 2011, adopt the definitions and Healthcare Common Procedure Coding System codes for those service levels that have been established by the federal Centers for Medicare and Medicaid Services, and to determine the above described billing codes in a revenue-neutral manner.

Summary: The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its members based on age at retirement, service credit, and final compensation. PERL defines "final compensation" for purposes of calculating a member's retirement allowance. The State Teachers' Retirement Law, which applies to specified school employees, and the retirement laws for county employees and city employees also provide for a defined benefit based on age at retirement, service credit, and final compensation. This bill would generally provide, effective July 1, 2011, that any change in salary, compensation, or remuneration principally for the purpose of enhancing a member's benefits would not be included in the calculation of a member's final compensation for purposes of determining that member's defined benefit. The bill would require the board of each state and local public retirement system to establish, by regulation, accountability provisions that would include an ongoing audit process to ensure that a change in a member's salary, compensation, or remuneration is not made principally for the purpose of enhancing a member's retirement benefits. This bill would limit the

calculation of a member's final compensation to an amount not to exceed the average increase in compensation received within the final compensation period and the 2 preceding years by employees in the same or a related group as that member. This bill would also require a board of each state and local public retirement system to establish, by regulation, a requirement that a person who retires on or after January 1, 2012, may not perform services for any employer covered by a state or local retirement system until that person has been separated from service for a period of at least 180 days. This bill would provide for the implementation of the changes under the applicable retirement laws that apply to counties and cities. This bill contains other related provisions.

Summary: Existing law requires an additional county penalty of \$7 for every \$10, or part of \$10, to be levied upon every fine, penalty, or forfeiture imposed and collected by the courts for all criminal offenses, for deposit into specified county funds relating to the construction of courthouses, criminal justice facilities, and forensic laboratories, and the support of emergency medical services. This bill, which would be known as the Emergency Medical Air Transportation Act, would impose an additional penalty of \$4 upon every conviction for an offense involving a vehicle violation, except certain parking offenses. This bill would require each county board of supervisors to establish in the county treasury an emergency medical air transportation act fund into which the penalty collected pursuant to this bill would be deposited. This bill would require, within 30 days following the last day of each calendar quarter of the year, the county treasurer to transfer moneys in the county's emergency medical air transportation act fund to the Controller for deposit into the Emergency Medical Air Transportation Act Fund, which would be established by the bill. The bill would authorize the county treasurer, prior to transferring the moneys in the county fund to the Controller, to withhold a sufficient amount from being transferred to reimburse the county and the courts for their actual, reasonable, and necessary costs associated with administering the bill. Moneys in the Emergency Medical Air Transportation Act Fund would be available, upon appropriation by the Legislature, to the department for the purposes of offsetting the state portion of the Medi-Cal reimbursement rate for emergency medical air transportation services and augmenting emergency medical air transportation reimbursement payments made through the Medi-Cal program, as specified. Calendar Events:

Summary: (1) Existing law generally requires a local agency, as defined, to inspect every underground tank system, as defined, that is used for the storage of hazardous substances, at least once every year. After conducting the inspection, the local agency is required to prepare a compliance report detailing the inspection and to send a copy of the report to the permitholder and the owner or operator. Existing law authorizes the local agency, instead of performing the inspection itself, to require the permitholder to employ a special inspector to conduct the annual inspection. Within 60 days of receiving a compliance report or special inspection report, the permitholder is required to file with the local agency a plan to implement all recommendations contained in the compliance report or to demonstrate why those recommendations should not be implemented. This bill would require the California Environmental Protection Agency, by June 30, 2011, and in consultation with specified entities, to implement a process by which the local agency may verify annually the accuracy of the tank number issued by the State Board of Equalization, to determine that the tank number is the correct and accurate number for the permitted tank. The bill would require the local agency, pursuant to that process, to verify annually that the tank number issued by the State Board of Equalization for the permitted tank is correct and accurate, thereby implementing a state-mandated local program. Calendar Events:

Summary:

Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of his or her employment. Existing law requires an employer to provide, or pay for all reasonable costs of, medical services necessary to care for or relieve work-related injuries. Existing law further provides that in the case of active firefighting members of certain state and local fire departments and in the case of certain peace officers, a compensable injury includes cancer that develops or manifests itself during the period when the firefighter or peace officer demonstrates that he or she was exposed, while in the service of the public agency, to a known carcinogen, as defined, and the carcinogen is reasonably linked to the disabling cancer. Existing law establishes a presumption that the cancer in these cases is presumed to arise out of, and in the course of, employment, unless the presumption is controverted by evidence that the primary site of the cancer has been established and that the carcinogen to which the member has demonstrated exposure is not reasonably linked to the disabling cancer. This bill would provide that the above-described presumption shall be extended to a member following termination of service for a period of 3 calendar months, but not to exceed 120 months in any circumstance, commencing with the last date actually worked in the specified capacity. Existing law requires a person who owns, leases, controls, operates, or maintains a building or structure in, upon, or adjoining a mountainous area, forest-covered land, brush-covered land, grass-covered land, or land that is covered with flammable material, within a state responsibility area, to maintain a defensible space of 100 feet from each side and from the front and rear of the structure. An insurance company that insures an occupied dwelling or occupied structure is authorized to require a greater distance, but this greater distance is prohibited from extending beyond the property line unless allowed by state law or a local ordinance, rule, or regulation. This bill would authorize a state public lands management agency, as defined, to establish a discretionary permitting or approval process containing specified elements, to consider an application from a person to maintain defensible space on state public lands if that person's defensible space requirement encroaches onto state public lands. Summary: Existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, authorizes each county to designate an emergency medical services (EMS) agency, for the establishment and administration of an emergency medical services program in the county. Existing law also establishes the Emergency Medical Services Authority (EMSA), which, among other things, adopts guidelines and regulations governing the provision of emergency medical services. Violation of these provisions is a crime. This bill would specify that the regulations of the authority shall include policies and procedures applicable to the functions, certification, and licensure of all emergency medical technician personnel, as defined, and would require the local EMS agencies to adhere to these standards. The bill would authorize the authority to develop and adopt a related fee schedule and fee increases to support the authority's actual costs to promulgate the additional regulations. The bill would provide that any policies and procedures implemented by a local EMS agency that are not in accordance with the standards required under the bill are subject to review by the Director of the EMSA, as specified, and that a local EMS agency that is notified of a policy or procedure that is not in compliance is required to stop implementation of the policy and procedure or submit a revised policy or procedure that complies with the regulations developed by the authority to the director within 90 days of notification. The bill would allow the authority to assess penalties on a local EMS agency that fails to

Summary: Under the existing California Constitution, the initiative is the power of the electors to propose statutes and amendments to the state constitution and to adopt or reject them. This measure would require that an initiative measure that would result in a net increase in state or local government costs, other than costs attributable to the issuance, sale, or repayment of bonds authorized by the measure, or a net decrease in state revenue, which net increase or net decrease exceeds \$25,000,000 annually, as adjusted for inflation, as jointly determined by the Legislative Analyst and Director of Finance, may not be submitted to the electors or have any effect unless and until the Legislative Analyst and the Director of Finance jointly determine that the initiative measure provides for additional revenues in an amount that meets or exceeds the net increase in costs. This bill contains other related provisions and other existing laws.

Summary: The California Constitution prohibits the ad valorem tax rate on real property from exceeding 1% of the full cash value of the property, subject to certain exceptions. This measure would create an additional exception to the 1% limit for a rate imposed by a city, county, city and county, or special district to service bonded indebtedness, incurred to fund specified public improvements, facilities or buildings, and housing, and related costs, that is approved by 55% of the voters of the city, county, city and county, or special district, as applicable. This additional exception would apply only if the proposition approved by the voters results in bonded indebtedness that includes specified accountability requirements. Calendar Events:

Summary: The California Constitution authorizes the existence of local governments that can make and enforce ordinances and regulations that are not in conflict with general laws. The California Constitution also requires that general ad valorem property tax revenues be allocated to local jurisdictions in each county in the manner as provided in statute. This measure would authorize local government agencies, in the manner provided for by statute, to adopt and implement a Countywide Strategic Action Plan, and, upon adoption of the plan in a county, would authorize the county board of supervisors to place on the ballot a measure to impose an additional countywide sales and use tax, the revenues of which would be distributed as provided pursuant to statute and the Countywide Strategic Action Plan. This measure would prohibit the state from reallocating the proceeds of a non-ad valorem tax that is imposed by a local government agency, would specify that general ad valorem property tax revenues are required to be allocated to jurisdictions in the county in which those revenues are collected, and would prohibit the direction by statute of the expenditure of those revenues for any specific purpose or purposes. Status:08/25/2010-Do pass as amended.

Current Location:08/17/2010-A JUD.

Calendar Events:

Summary: Existing law prohibits the making of a copy, reproduction, or facsimile of any kind of photographs, negatives, or print of the body, or any portion of the body, of a deceased person taken by or for the coroner at the scene of death or in the course of a postmortem exam or autopsy made by or caused to be made by the coroner, except for use in a criminal proceeding in this state that relates to the death of that person, or except as a court of this state permits, as specified. This bill would enact the Deceased Child Victims' Protection and Privacy Act. The bill would provide that, when a minor who is not within the jurisdiction of the juvenile court, as specified, is killed as a result of a criminal act and a person has been convicted of the crime and sentenced, or been found to have committed the act by a juvenile court and adjudged a ward of the juvenile court, upon the request of a qualifying family member of the deceased minor, the autopsy report and evidence associated with the examination of the victim in the possession of a public agency would be sealed and would not be disclosed, except as specified. The bill would also provide that a coroner or medical examiner shall not be liable for damages in a civil action for any act or omission taken in compliance with these provisions. These provisions would not be construed to limit the authority of the court to seal records or restrict the dissemination of an autopsy report or evidence associated with the examination of a victim, as specified. In addition, these provisions would establish an independent basis upon which an autopsy report or other evidence associated with the examination of a victim may be withheld from public disclosure; however, these provisions would not apply if the above-described exemption from the California Public Records Act applies. Status:08/23/2010-Chaptered by the Secretary of State, Chapter Number 170, Statutes of 2010

Current Location:08/23/2010-S CHAPTERED

Calendar Events:

Summary: Existing law requires a redevelopment agency to make specified payments of property tax increment funds in specified fiscal years to taxing entities, and requires that these payments be allocated among these entities in proportion to the percentage share of property tax revenues received by these entities in these fiscal years. Existing law requires, on or before October 1, 2009, each redevelopment agency to submit a report to the county auditor and to each affected taxing entity that describes each project area, including its location, purpose, date established, date or dates amended, and statutory and contractual passthrough requirements. Existing law requires the report to include specified information in a specified manner for each project area. Existing law requires the county auditor to review each redevelopment agency's report and any other relevant information to determine whether the county auditor concurs with the information included in the reports. Existing law requires the redevelopment agency to make outstanding payments to a local educational agency, as specified, if the agency's report indicates outstanding payment obligations to a local educational agency. This bill would include under these provisions a redevelopment plan that was adopted prior to January 1, 1994, but amended after January 1, 1994, to increase the limitation on the number of dollars to be allocated to the redevelopment agency or that increased, or eliminated, the time limit on the establishing of loans, advances, and indebtedness, or that lengthened the period during which the redevelopment plan is effective, as specified. Current Location:09/04/2009-A G.O.

Calendar Events:

Summary: Existing law, the Public Safety Communication Act of 2002, provides that the Public Safety Radio Strategic Planning Committee shall have primary responsibility in state government to develop and implement a statewide integrated public safety communication system that facilitates interoperability among state public safety departments and other first response agencies and to coordinate other shared uses of the public safety spectrum. It requires the committee to make recommendations for

state agency purchase of public safety radio subscriber equipment that will enable those agencies to commence conforming to industry and governmental interoperability standards. The act defines various terms for these purposes. This bill would recast various provisions of the act. The bill would revise and add to the act's definitions and rename the committee the State Emergency Communications Council. The bill would modify the responsibilities of the committee for purposes of the act and require the committee to establish guidelines for the purchase of public safety communications equipment. The bill would require the California Emergency Management Agency to submit specified updates and addenda relating to the California Statewide Communications Interoperability Plan to the Legislature and would require the office of the State Chief Information Officer to produce a Public Safety Communications Strategic Plan on or before June 1, 2010, and every 5 years thereafter, as specified.

Calendar Events:

Summary: Existing law requires the county superintendent of schools to determine a revenue limit for each school district in the county. The amount of a school district's revenue limit funding is determined based, in part, on the number of units of average daily attendance. The Superintendent of Public Instruction is required to apportion to each school district the amount of revenue limit funding calculated pursuant to specified formulas minus, among other things, the amount of property taxes received by the school district. The Joint Exercise of Powers Act authorizes 2 or more public agencies, by agreement, to exercise any power common to the contracting parties. This bill would, in conjunction with and only upon the approval by the voters of Senate Constitutional Amendment No. _____, authorize local governmental entities to develop and implement a Countywide Strategic Action Plan to jointly use existing and additional resources to ensure progress toward common community goals. This bill would also authorize, under specified conditions, including, but not limited to, the adoption of a Countywide Strategic Action Plan, a county board of supervisors to place before the voters an increase of up

to an additional \$0.01 in the sales and use tax to be distributed pursuant to the adopted plan. This measure would prohibit the amount of a school district's revenue limit funding from taking into account any revenue received by the school district from property taxes, specified local sales and use taxes, or any taxes imposed pursuant to a Countywide Strategic Action Plan.

Existing law also requires that after receiving the agency's recommendation on the proposed amendment, the legislative body, or alternatively, the agency and the legislative body, hold a public hearing on the proposed amendment. This bill would modify the information required to be included in the agency's report to the legislative body. The bill would also require the legislative body, or alternatively, the agency and the legislative body, to consider any objections with the proposed amendment expressed by the affected taxing entities, a project area committee, if any, residents, and community organizations at the public hearing.

SB 1375 **(Price) Telephone corporations: residential telephone service:** (E-08/23/2010 [html](#) [pdf](#))

Status:08/19/2010-Withdrawn from committee. To unfinished business. Senate concurs in Assembly amendments. (Ayes 28. Noes 7.) To enrollment.

Current Location:08/19/2010-S ENROLLMENT

Calendar Events:

Summary: Existing law requires all local telephone corporations, excluding providers of mobile telephony service and mobile satellite telephone service, to the extent permitted by existing technology or facilities, to provide every existing and newly installed residential telephone connection with access to "911" emergency service regardless of whether an account has been established. This bill would instead require local telephone corporations to provide every subscriber of tariffed residential basic exchange service, rather than every existing and newly installed residential telephone connection, with access to "911" emergency service. The bill would require a local telephone corporation to provide "911" emergency services for at least 120 days after disconnection of residential basic exchange service for nonpayment, as provided. The bill would authorize a local telephone corporation to disconnect any line in existence on January 1, 2011, providing access to "911" emergency services with no customer account attached for that line, if notice of not less than 90 days prior to disconnection is provided to the last known address of record associated with that line that is being disconnected. This bill contains other related provisions and other existing laws.

SB 1425 **(Simitian) Public retirement: final compensation: computation: retirees.** (A-08/19/2010 [html](#) [pdf](#))

Status:08/19/2010-Read third time. Amended. To third reading.

Current Location:08/19/2010-A THIRD READING

Calendar Events:08/27/10 124 ASM SENATE THIRD READING FILE

Summary: The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its members based on age at retirement, service credit, and final compensation. PERL defines "final compensation" for purposes of calculating a member's retirement allowance. The State Teachers' Retirement Law (STRL) and the retirement laws for county employees and city employees also provide for a defined benefit based on age at retirement, service credit, and final compensation. This bill would provide that any change in salary, compensation, or remuneration principally for the purpose of enhancing a member's benefits would not be included in the calculation of a member's final compensation for purposes of determining that member's defined benefit. The bill would generally require the board of each state and local public retirement system to establish, by regulation, accountability provisions that would include an ongoing audit process to ensure that a change in a member's salary, compensation, or remuneration is not made principally for

the purpose of enhancing a member's retirement benefits. This bill would revise the definition of "creditable compensation" and would limit the calculation of a member's final compensation to an amount not to exceed the average increase in compensation received within the final compensation period and the 2 preceding years by employees in the same or a related group as that member. This bill would also require a board of each state and local public retirement system to establish, by regulation, a requirement that a person who retires on or after January 1, 2012, may not perform services for any employer covered by a state or local retirement system until that person has been separated from service for a period of at least 180 days. This bill would provide for the implementation of these required changes under the laws that govern PERS and STRL. This bill contains other related provisions and other existing laws.

SB 1427 (Price) Foreclosures: property maintenance. (E-08/23/2010 [html](#) [pdf](#))

Status:08/19/2010-Senate concurs in Assembly amendments. (Ayes 34. Noes 0.) To enrollment.

Current Location:08/19/2010-S ENROLLMENT

Calendar Events:

Summary: Existing law, until January 1, 2013, requires a legal owner to maintain vacant residential property purchased at a foreclosure sale, or acquired by that owner through foreclosure under a mortgage or deed of trust. Existing law authorizes a governmental entity to impose civil fines and penalties for failure to maintain that property of up to \$1,000 per day per violation. This bill would require a governmental entity, prior to imposing a fine or penalty for failure to maintain a vacant property that is subject to a notice of default, that is purchased at a foreclosure sale, or that is acquired through foreclosure, to provide the owner of that property with a notice of the violation and an opportunity to correct the violation. This notice requirement would not apply if the governmental entity determines that a specific condition of the property threatens public health or safety. The bill would further provide that the costs of nuisance abatement measures taken by a governmental entity with regard to property that is subject to a notice of default, that is purchased at a foreclosure sale, or acquired through foreclosure, shall not exceed the actual and reasonable costs of nuisance abatement. This bill would also prohibit a governmental entity from imposing an assessment or lien for the costs of nuisance abatement prior to the adoption of those costs by the elected officials of that governmental entity at a public hearing.

Summary: The California Constitution prohibits any ad valorem tax on real property from exceeding 1% of the full cash value of the property, subject to certain exceptions. This measure would create an additional exception to the 1% limit on ad valorem tax on real property, for an ad valorem rate imposed by a city, county, city and county, or special district to pay for bonded indebtedness incurred to fund facilities, buildings, or equipment used directly and exclusively to provide emergency services to the public, or to fund the related acquisition or lease of real property, if approved by 55% of the voters of the city, county, city and county, or special district, as applicable. This bill contains other related provisions and other existing laws.

Status:05/12/2010-Hearing postponed by committee. (Refers to 4/22/2010 hearing)

Current Location:04/12/2010-S B. & F.R.

Calendar Events:

Summary:

Under the existing California Constitution, the initiative is the power of the electors to propose statutes and amendments to the state constitution and to adopt or reject them. This measure would require that an initiative measure that would result in a net increase in state or local government costs, other than costs attributable to the issuance, sale, or repayment of bonds authorized by the measure, as jointly determined by the Legislative Analyst and Director of Finance, may not be submitted to the electors or have any effect unless and until the Legislative Analyst and the Director of Finance jointly determine that the initiative measure provides for additional revenues in an amount that meets or exceeds the net increase in costs. This bill contains other related provisions and other existing laws.
