Calendar Events:09/06/11 183 SEN ASSEMBLY BILLS-THIRD READING FILE

Summary: The federal Fair Credit Reporting Act (FCRA) and the state Consumer Credit Reporting Agencies Act define and regulate consumer credit reports and authorize the use of consumer credit reports for employment purposes, pursuant to specified requirements. The FCRA provides that it does not preempt state law, except as specifically provided or to the extent that state laws are inconsistent with its provisions. This bill would prohibit an employer or prospective employer , with the exception of certain financial institutions, from obtaining a consumer credit report, as defined, for employment purposes unless the position of the person for whom the report is sought is (1) a position in the state Department of Justice, (2) a managerial position, as defined, (3) that of a sworn peace officer or other law enforcement position, (4) a position for which the information contained in the report is required by law to be disclosed or obtained , (5) a position that involves regular access to specified personal information for any purpose other than the routine solicitation and processing of credit card applications in a retail establishment, (6) a position in which the person is or would be a named signatory on the employer's bank or credit card account, or authorized to transfer money or enter into financial contracts on the employer's behalf, (7) a position that involves access to confidential or proprietary information, as specified, or (8) a position that involves regular access to \$10,000 or more of cash, as specified . Status:07/25/2011-Chaptered by the Secretary of State, Chapter Number 91, Statutes of 2011

Current Location:07/25/2011-A CHAPTERED

Calendar Events:

Summary: Existing law, the Ralph M. Brown Act, requires each legislative body of a local agency to provide the time and place for holding regular meetings and requires that all meetings of a legislative body be open and public and all persons be permitted to attend unless a closed session is authorized. This bill would authorize a convened legislative body whose membership constitutes a quorum of any other legislative body to convene a meeting of the subsequent legislative body, simultaneously or in serial order, only if a clerk or member of the convened legislative body verbally announces the amount of compensation or stipend, if any, that each member will be entitled to receive as a result of convening the simultaneous or serial meeting of the subsequent legislative body, and that the compensation or stipend shall be provided as a result of convening a meeting for which each member is entitled to collect compensation or a stipend, as specified.

Status:07/25/2011-Chaptered by the Secretary of State, Chapter Number 92, Statutes of 2011

Current Location:07/25/2011-A CHAPTERED

Calendar Events:

Summary: Existing law regulates the operation of firefighting equipment, as defined, and permits certain persons employed as a firefighter or registered as a volunteer firefighter to operate firefighting equipment only if the person holds a class A, class B, or class C license, with certain exceptions, and a firefighter endorsement issued by the Department of Motor Vehicles, after providing to the department proof of current employment or registration as a volunteer firefighter with a fire department and evidence of fire equipment operation training, passing the written firefighter examination developed by the department with the cooperation of the Office of the State Fire Marshal, and submitting a report of medical examination on a department-approved form. This bill would instead authorize the operation of firefighting equipment by either a person with a firefighter endorsement who holds a class C license, a restricted class A license, or a noncommercial class B driver's license, or by a person holding a class A or B license, as appropriate for that equipment. This bill contains other related provisions and other existing laws.

Calendar Events:09/06/11 22 SEN ASSEMBLY BILLS-SECOND READING FILE

Summary: The County Employees Retirement Law of 1937 authorizes counties and districts to establish retirement systems pursuant to its provisions in order to provide pension benefits to employees. The County Employees Retirement Law of 1937 authorizes the Board of Supervisors of the County of San Mateo to provide any retirement benefits for some, but not all, general members or safety members of a county. The law authorizes a resolution adopted pursuant to these provisions to require members to pay all or part of the contributions by a member or employer, or both, that would have been required if specified provisions relating to the calculation of retirement benefits, as adopted by the board or governing body, had been in effect during the period of time designated in the resolution. This bill would authorize a resolution adopted pursuant to the provisions described above to require safety members hired on and after the effective date of this measure to pay all or part of the contributions by a member or employer, or both. The bill would require in this instance that payment by a safety member would become part of the accumulated contributions of the safety member. The bill would specify, for those safety members who are represented by a bargaining unit, that the payment requirement and any changes to it would not be effective until approved in a memorandum of understanding executed by the board of supervisors and the employee representatives. This bill contains other related provisions.

Status:07/25/2011-Chaptered by the Secretary of State, Chapter Number 96, Statutes of 2011

Current Location:07/25/2011-A CHAPTERED

Calendar Events:

Summary: The Political Reform Act of 1974 regulates conflicts of interests of public officials and requires that public officials file, with specified filing officers, periodic statements of economic interests disclosing certain information regarding income, investments, and other financial data. Under the act, specified local government agencies are permitted to participate in a pilot program whereby certain officials of those agencies may file their statements of economic interests electronically. Existing law provides that the pilot program shall be completed by January 1, 2012, and the provisions of law authorizing the electronic filing of statements of economic interests will be repealed on March 1, 2012. This bill would permit the pilot program to continue until December 31, 2012, and would make technical changes to incorporate references to participation in the program by the City of Long Beach. Calendar Events:09/06/11 22 ASM UNFINISHED BUSINESS CONCURRENCE IN SENATE AMENDMENTS

Summary: Existing law authorizes the State Auditor to establish a high-risk government agency audit program for the purpose of identifying, auditing, and issuing reports on any agency of the state that the State Auditor identifies as being at high risk for the potential of waste, fraud, abuse, and mismanagement or that has major challenges associated with its economy, efficiency, or effectiveness. This bill would, subject to specified conditions, authorize the State Auditor to establish a high-risk local government agency audit program to identify, audit, and issue reports on any local government agency, including any city, county, or special district, or any publicly created entity that the State Auditor identifies as being at high risk for the potential of waste, fraud, abuse, or mismanagement or that has major challenges associated with its economy, efficiency, or effectiveness. The bill would also authorize the State Auditor to consult with the Controller, Attorney General, and other state agencies in identifying local government agencies that are at high risk.

Status:08/26/2011-Enrolled and presented to the Governor at 3 p.m.

Current Location:08/26/2011-A ENROLLED

Calendar Events:

Summary: The Meyers-Milias-Brown Act provides for the representation of local public employees by employee organizations and for the execution of memoranda of understanding between those organizations and local public agencies. The act prohibits a public agency or an employee organization from, among other things, intimidating, coercing, or discriminating against employees because they have chosen to join, or not join, an

employee organization. Existing law requires a public agency to meet and confer in good faith, as defined. This bill would specify that a public agency is prohibited from, among other things, imposing reprisals on or discriminating against employees because of their exercise of rights guaranteed by the act, and would specify that knowingly providing a recognized employee organization with inaccurate information regarding the financial resources of the public employer constitutes a refusal or failure to meet and negotiate in good faith. The bill would declare that these provisions are intended to be technical and clarify existing law.

Current Location:08/31/2011-A ENROLLMENT

Calendar Events:

Summary: The Emergency Medical Air Transportation Act, until January 1, 2018, imposes specified penalties for certain Vehicle Code and local ordinance violations. The act requires that the moneys generated from those penalties be deposited by counties into a county emergency medical air transportation act fund, and thereafter requires the counties to transfer those moneys, less administrative costs, to the Emergency Medical Air Transportation Act Fund established in the State Treasury, as provided. The act requires moneys in the Emergency Medical Air Transportation Act Fund to be made available, upon appropriation by the Legislature, to the State Department of Health Care Services for administrative costs, and to offset the state portion of the Medi-Cal reimbursement rate for emergency medical air transportation services and to augment emergency medical air transportation reimbursement payments made through the Medi-Cal program, as specified. This bill would, instead, provide that the county or the court that imposed the fine shall transfer the moneys collected pursuant to this act to the Emergency Medical Air Transportation Act Fund in accordance with certain procedures set out in the Government Code.

Calendar Events:09/06/11 97 SEN ASSEMBLY BILLS-THIRD READING FILE

Summary: Under the existing Barry Keene Underground Storage Tank Cleanup Trust Fund Act of 1989, which is repealed on January 1, 2016, every owner of an underground storage tank is required to pay a storage fee for each gallon of petroleum placed in the tank. The fees are required to be deposited in the Underground Storage Tank Cleanup Fund and the board is authorized to expend the moneys in the fund, upon appropriation by the Legislature, for various purposes, including the payment of claims to aid owners and operators of petroleum underground storage tanks who take corrective action to clean up unauthorized releases from those tanks, corrective actions undertaken by the board, a California regional water quality control board, or a local agency, the cleanup and oversight of unauthorized releases at abandoned tank sites, and grants to small businesses to retrofit certain hazardous substance underground storage tanks. This bill would continue the requirement to pay that increased amount of \$.006 per gallon until January 1, 2014. By operation of existing law, the revenue resulting from the increased fee would be required to be deposited in the fund and be available, upon appropriation, for expenditure for the purposes authorized under existing law for money in the fund. This bill would constitute a change in state statute that would result in a taxpayer paying a higher tax within the meaning of Section 3 of Article XIII A of the California Constitution, and thus would require for passage the approval of 2/3 of the membership of each house of the Legislature. This bill contains other related provisions and other existing laws.

Calendar Events:09/06/11 9 SEN ASSEMBLY BILLS-SECOND READING FILE

Summary: The County Employees Retirement Law of 1937 (CERL) authorizes counties and districts, as defined, to provide a system of retirement benefits to their employees. CERL defines compensation earnable for the purpose of calculating benefits as the average compensation for the period under consideration with respect to the average number of days ordinarily worked by persons in the same grade or class of positions

during the period, and at the same rate of pay, as determined by the retirement board. This bill would prohibit a variety of payments, including payments for unused vacation, sick leave, or compensatory time off, exceeding what may be earned and payable in each 12-month period during the final average salary period, and specified payments made at the termination of employment from being included in compensation earnable. The bill would additionally prohibit employer-provided housing allowances and employer-provided vehicle allowances from being included in compensation earnable for members first hired on or after January 1, 2012. The bill would require the board to establish a procedure for assessing and determining whether an element of compensation was paid for the principal purpose of enhancing a member's retirement benefit and would prohibit that compensation from being included in compensation earnable. The bill would except from this prohibition compensation that a member was entitled to receive pursuant to a collective bargaining agreement that was subsequently deferred or otherwise modified as a result of a negotiated amendment of that agreement. Summary: Existing law generally regulates the storage of hazardous substances in underground storage tanks, including requiring underground storage tanks that are used to store hazardous substances to meet certain requirements. Existing law requires tank owners and operators to report unauthorized releases to local agencies, which includes specified information, and requires the State Water Resources Control Board to continuously post and update on its Internet Web site reports of information concerning unauthorized releases. This bill would instead require the owner or operator to transmit certain information regarding an unauthorized release to the local agency on a written form or using an electronic format developed by the board and approved by the Secretary for Environmental Protection. The bill would require additional information to be provided to the local agency. The bill would also instead require each regional board and local agency to submit a report to the board for all unauthorized releases using the board's Internet-accessible database, thereby imposing a state-mandated local program by imposing new duties upon local agencies. The bill would require the board to annually post and update on its Internet Web site the information in those reports concerning unauthorized releases. Status:08/30/2011-From committee without further action pursuant to Joint Rule 62(a).

Current Location:07/08/2011-A 2 YEAR

Calendar Events:

Summary: Existing law prohibits Members of the Legislature, and state, county, district, judicial district, and city officers or employees from being financially interested in any contract

made by them in their official capacity, or by any body or board of which they are members. Existing law defines what is a remote interest in a contract that does not present a prohibited conflict of interest under these provisions. Existing law authorizes a body or board to make a contract that involves a remote interest of a member of the body if, among other things, the remote interest is disclosed to the body or board and noted in its official records, and thereafter the body or board authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest. Violation of these provisions is a crime. This bill would additionally require that the remote interest be disclosed at a public meeting of that body or board and would require a statutory basis for classifying the interest as a remote interest to be identified. By increasing the scope of actions that constitute a crime, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Current Location:09/01/2011-A INS.

Calendar Events:

Summary: Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of his or her employment. Existing law provides that in the case of active firefighting members of certain fire departments and in the case of certain peace officers, a compensable injury includes cancer that develops or manifests itself during the period when the firefighter or peace officer demonstrates that he or she was exposed while in the service of the public agency to a known carcinogen, as defined. Existing law establishes a presumption that the cancer in these cases arose out of, and in the course of, employment, unless the presumption is controverted by evidence that the primary site of the cancer has been established and

that the carcinogen to which the member has demonstrated exposure is not reasonably linked to the disabling cancer. This bill would extend this presumption to active firefighting members of a fire department serving a National Aeronautics and Space Administration installation who adhere to specified training standards.

Summary: The Meyers-Milias-Brown Act contains various provisions that govern collective bargaining of local represented employees, and delegates jurisdiction to the Public Employment Relations Board to resolve disputes and enforce the statutory duties and rights of local public agency employers and employees. The act requires the governing body of a public agency to meet and confer in good faith regarding wages, hours, and other terms and conditions of employment with representatives of recognized employee organizations. Under the act, if the representatives of the public agency and the employee organization fail to reach an agreement, they may mutually agree on the appointment of a mediator and equally share the cost. If the parties reach an impasse, the act provides that a public agency may unilaterally implement its last, best, and final offer. This bill would authorize the employee organization, if the mediator is unable to effect settlement of the controversy within 30 days of his or her appointment, to request that the matter be submitted to a factfinding panel. The bill would require that the factfinding panel consist of one member selected by each party as well as a chairperson selected by the board or by agreement of the parties. Summary: Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, pursuant to which medical benefits are provided to public assistance recipients and certain other low-income persons. The Medi-Cal program is, in part, governed and funded by federal Medicaid Program provisions. Existing law provides for a schedule of benefits under the Medi-Cal program, which includes medical transportation, and authorizes the department to prescribe policies and regulations as necessary to carry out the Medi-Cal program, including setting rates for payment of services. This bill would provide that an eligible provider, as described, may receive supplemental Medi-Cal reimbursement, in addition to the rate of payment that the provider would otherwise receive, for Medi-Cal ground emergency medical transportation services and that the supplemental reimbursement shall be equal to the amount of federal financial participation the department receives as a result of claims submitted for expenditures for services, as specified. Summary:

Existing law imposes requirements on public entities with respect to the terms of public contracts. The Sales and Use Tax Law imposes a state sales and use tax on retailers and on the storage, use, or other consumption of tangible personal property in this state at the combined rate of 6 1/4 % of the gross receipts from the retail sale of tangible personal property in this state and of the sales price of tangible personal property purchased from any retailer for storage, use, or other consumption in this state that is stored, used, or otherwise consumed in this state. This bill would provide, for a fixed price contract, as specified, between a government entity and a contractor, that the contractor is entitled to an increase in payment for a change in the contract price that is attributable to an increase in the taxes imposed by the Sales and Use Tax Law, and the government entity is entitled to a reduction in payment for a change in the contract price that is attributable to a decrease in the taxes imposed by the Sales and Use Tax Law, with the increase or decrease paid in accordance with the contract terms or as agreed to by the parties, as prescribed. The bill would also authorize the government entity to require the contractor to submit invoices for specified items consumed solely for use in the public work pursuant to the contract entered into by the government entity and the contractor. By placing new duties on local officials with respect to their contract practices, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Summary:

The Public Employees' Retirement Law creates the Public Employees' Retirement Fund, which is a trust fund created and administered solely for the benefit of the members and retired members of this system and their survivors and beneficiaries. The Board of Administration of the Public Employees' Retirement System (PERS) has the exclusive control of the administration and investment of the retirement fund. This bill would prohibit members of the Board of Administration of PERS, members of the Teachers' Retirement Board, and specified officers and employees of PERS and STRS from engaging in certain employment activities after leaving service with PERS or STRS. Specifically, the bill would prohibit those individuals from representing another person, by means of an appearance or communication, before PERS or STRS for the purpose of influencing specified actions for a period of 4 years after leaving service with PERS or

STRS. The bill would also prohibit those individuals from aiding, advising, consulting with, or assisting a business entity, for a period of 2 years after leaving service with PERS or STRS, in obtaining the award of, or in negotiating, a contract or contract amendment with PERS or STRS . In addition, the bill would prohibit those individuals from accepting compensation for providing services as a placement agent, for a period of 10 years after leaving service with PERS or STRS, in connection with investments or other business of PERS or STRS. Summary: The existing Emergency Telephone Users Surcharge Act generally imposes a surcharge on amounts paid by every person in the state for intrastate telephone service to provide revenues sufficient to fund "911" emergency telephone system costs. Surcharge amounts are paid to the State Board of Equalization on a monthly basis by the telephone service supplier and are deposited into the State Treasury to the credit of the State Emergency Telephone Number Account in the General Fund, to be expended for limited purposes, including to pay the Department of General Services for its costs in administration of the "911" emergency telephone number system. This bill would require the State Board of Equalization to convene a working group by March 1, 2012, to develop recommendations for an equitable and uniform method of collecting state and locally authorized communications taxes, fees, and surcharges from prepaid communications end-use consumers. The bill would require the working group to report its recommendations by April 30, 2013. The bill would require that the working group include stakeholder representatives, including representatives from the commission, the California Technology Agency, local government entities, law enforcement agencies, mobile telephony service providers, retailers, and consumer groups. Summary: The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its employees based on age at retirement, service credit, and final or highest compensation paid to the employee. Existing law authorizes any public agency to participate in, and make its employees members of, PERS by contract. In the case of an employee who has been employed by one or more contracting public agencies, retirement benefits distributed to that employee are based on the highest final compensation under any system, and each system makes a separate retirement payment to the employee based upon the number of years that the employee worked for each of those agencies. This bill would state the intent of the Legislature that a contracting agency not experience a significant increase in actuarial liability due to increased compensation paid by another contracting agency to a nonrepresented employee. The bill would require the Board of Administration of PERS to develop guidelines in this regard and to implement program changes to ensure that a contracting agency that creates a significant increase in actuarial liability due to increased compensation bears the associated liability. The bill would require the system actuary to assess an increase in liability in this regard to the employer that created it at the time the increase is determined and to make adjustments to that employer's rates as needed. The bill would apply these requirements to any significant increase in actuarial liability due to increased compensation paid to a nonrepresented employee regardless of when the increase in compensation occurred. The bill would require the board to report to the Legislature on the implementation of these provisions. This bill contains other related provisions and other existing laws.

Calendar Events:

Summary: The Public Employees' Retirement Law provides a defined benefit to members of the Public Employees' Retirement System (PERS) based on age at retirement, service credit, and final compensation, as those terms are defined. The management and control of PERS is vested in the Board of Administration of PERS, including the calculation of the contribution rates for specified state employees and state employers. Existing law requires the board to submit a report to the Legislature, the Governor, and the Treasurer describing the investment return assumptions, discount rates, and amortization periods utilized by the board in the calculations of the contribution rates and to include recalculations of those rates based on specified adjustments of the investment return assumptions, amortization periods, and discount rates utilized by the board any time it calculates the contribution rates. Existing law requires the Treasurer, within 30 days following receipt of the report, to provide each house of the Legislature, at a publicly noticed floor session, with an explanation of the role played by the investment return assumption and amortization period in the calculation of the contribution rates and the consequences for future state budgets if the investment return assumptions are not realized, to report whether the board's amortization period exceeds the estimated average remaining service periods of employees covered by the contributions, and to express his or her opinion of the reasonableness of the board's calculation of the contribution rates. This bill would require the Board of Administration of PERS to submit that report annually to the Legislature, the Governor, and the Chair of the California Actuarial Advisory Panel, would limit the scope of the report to state employee retirement plans, and would revise the adjustments of the investment return assumptions and discount rates utilized by the board any time it calculates the contribution rates. The bill would delete the requirement that the Treasurer express his or her opinion of the reasonableness of the board's calculation of the contribution rates. The bill would require the Chair of the California Actuarial Advisory Panel, or his or her

designee, instead of the Treasurer, within 30 days following receipt of the report, to provide the Senate Committee on Public Employment and Retirement and the Assembly Committee on Public Employees, Retirement and Social Security, at a publicly noticed joint hearing, with an explanation of the role played by the investment return assumption and amortization period in the calculation of the contribution rates, a description of the consequences for future state budgets if the investment return assumptions are not realized, and a report on whether the board's amortization period exceeds the estimated average remaining service periods of employees covered by the contributions. Summary: The Public Employees' Retirement Law prescribes employer rates for contribution to the retirement fund for the Public Employees' Retirement System (PERS). Existing law requires that the state's contribution rate be adjusted in the Budget Act based on rates established by the system's actuary. Existing law provides that the employer

contribution rate for an employer other than the state shall be determined on an annual basis by the actuary, as specified. Existing law requires that the rate at which a public employer contributes to the system shall be based upon its experience, and not the experience of public agency employers generally. Existing law requires that all assets of an employer in the system be used to determine the employer's contribution rate. This bill, on and after July 1, 2013, would establish for each employer a Rate Stabilization Account in the Employer Rate Stabilization Fund, which this bill would create and which would be continuously appropriated to the Board of Administration of PERS for the purpose of stabilizing employer retirement contributions. By creating a continuously appropriated fund and authorizing the expenditure of employer payments, this bill would make an appropriation. The bill would provide that the board has sole and exclusive control over the administration of the fund and would require that the investment of fund assets be according to strategies established by the board. The bill would authorize the board, in its discretion, to establish administrative terms and conditions governing the Rate Stabilization Fund. The bill would provide that the Rate Stabilization Account is an employer asset, but it would not be counted as an asset for the purpose of determining the employer's contribution rate. The bill would require employers to make payments to the account when the actuarial value of assets exceeds the accrued liability, as specified, which would be calculated based on the employer normal cost of benefits and which would be credited to each employer's Rate Stabilization Account. Payments by the state would be made in the annual Budget Act. The bill would provide that the assets of the account be drawn upon, subject to procedures adopted by the board, to pay a portion of the employer contribution when the employer contribution rate is greater than the employer normal cost of benefits, as specified. The bill would provide that the employer is not required to make that additional contribution when the employer's Rate Stabilization Account exceeds an amount equal to 50% of the employer's assets, exclusive of the assets in the Rate Stabilization Account. The bill would provide that assets in an account would be invested according to investment strategies established by the Board of Administration of PERS. This bill contains other related provisions and other existing laws.

Summary: Existing property tax law generally prohibits a local jurisdiction, in the 1985-86 fiscal year and each fiscal year thereafter, from imposing a property tax rate pursuant to a specified statutory provision in excess of the rate so imposed by that jurisdiction in specified fiscal years, unless it is imposed for specified purposes, including, among others, to make payments in support of certain pension programs. This bill would, if a local jurisdiction increases or extends a property tax rate, on or after January 1, 2012, for the purpose specified above, require the county auditor to, prior to the increase or extension of the property tax rate, verify that the rate increased or extended by the jurisdiction does not exceed the maximum rate authorized by law. This bill would require the jurisdiction to provide the county auditor with any documentation that is necessary to assist the county auditor in making the verification, as provided, and to reimburse the county auditor for the actual and reasonable costs incurred by the county auditor in administering the verification. Summary: Existing law requires the state to have the primary financial responsibility for preventing and suppressing fires in areas that the State Board of Forestry and Fire Protection has determined are state responsibility areas (SRAs). The bill would revise and recast these SRA fee provisions instead to, among other things, require the board to adopt emergency regulations to establish and administer fire protection fees in specified amounts, but not in an amount that would exceed the reasonable costs of providing fire protection services. The bill would require a fee of \$1 per acre owned for the first 100 contiguous acres, and lesser amounts per acre for land over 100 contiguous acres, but a total amount not to exceed \$3,000 for 10,000 or more acres owned. In addition, the bill would require a fee of not less than \$175 for one building or structure on land in an SRA and \$25 for each subsequent building or structure, with a \$25 credit for those property owners who are located in an established fire protection district. The bill would rename the fund the State Responsibility Area Protection Fund and require this money to be deposited into the fund to provide for fire protection activities, including, but not limited to, the portion of the Department of Forestry and Fire Protection's costs associated with fire protection that benefit owners of property in a state responsibility area. Summary: Existing law requires the State Board of Forestry and Fire Protection, on or before September 1, 2011, to adopt emergency regulations to establish a fire prevention fee in an amount not to exceed \$150 to be charged on each structure on a parcel that is within a state responsibility area, as defined, and requires that the fire prevention fee be adjusted annually using prescribed methods. Existing law requires the State Board of Equalization to collect the fire prevention fees, as prescribed, commencing with the 2011-12 fiscal year. Existing law establishes the State Responsibility Area Fire Prevention Fund and prohibits the collections of fire prevention fees if, commencing with the 2012-13 fiscal year, there are sufficient amounts of moneys in the fund to finance specified fire prevention activities for a fiscal year. Existing law requires that the fire prevention fees collected, except as provided, be deposited into the fund and be made available, to the board and the Department of Forestry and Fire Protection for certain

specified fire protection activities that benefit the owners of structures in state responsibility areas who are required to pay the fee. Existing law further requires the board, on and after January 1, 2013, to submit an annual written report to the Legislature on specified topics. This bill would repeal the above provisions relating to the fire prevention fees. This bill contains other related provisions and other existing laws.

Summary:

The California Constitution provides that the electors may propose statutes or amendments to the state constitution through the initiative process by presenting to the Secretary of State a petition that sets forth the text of the proposed statute or amendment to the Constitution and is certified to have been signed by a certain number of electors. This measure would require the Legislative Analyst to review an initiative measure not later than 15 days after its qualification for the ballot, and report the results of the review to the Secretary of State. This measure would prohibit an initiative measure that the Legislative Analyst determines would result in a net increase in state or local government costs exceeding \$5,000,000, other than costs attributable to the issuance, sale, or repayment of bonds, from being submitted to the electors or having any effect unless the Legislative Analyst determines that the initiative measure provides for additional revenues in an amount that meets or exceeds the net increase in costs. This requirement would provide for an annual adjustment to the amount of that cost threshold, and would not apply to , or have any effect on, an initiative measure that reduces tax revenues or fees .

Summary: The California Constitution provides voters, through the initiative, the power to propose statutes and constitutional amendments and to adopt or reject them. The California Constitution further provides that the Legislature may amend or repeal an initiative statute only by another statute approved by the voters, unless the initiative statute permits amendment or repeal without the approval of the voters. This measure would instead authorize the Legislature to amend or repeal an initiative statute, effective 4 years or more after the date the initiative statute is approved by the voters, unless the initiative statute allows that action by the Legislature at an earlier date. The measure would require that an amendment or repeal of an initiative statute by the Legislature be passed by a percentage of the membership of each house that exceeds the percentage of voters that approved the initiative statute or, if applicable, that approved the most recent amendment of the initiative statute.

Summary: Existing provisions of the California Constitution provide that the initiative is the power of the electors to propose statutes and amendments to the Constitution and to adopt or reject those proposals. Those provisions require the Secretary of State to submit the measure at the next general election held at least 131 days after it qualifies or at any special statewide election held prior to that general election. The Governor may also call a special statewide election on the measure. This measure would require the Secretary of State to transmit a copy of an initiative measure certified for the ballot to each house of the Legislature no later than 176 days prior to the election at which the measure is to be voted upon. Within 30 days, the Legislature may propose an amended form of the initiative measure by adopting a concurrent resolution. If the Legislature proposes an amended form of the initiative measure, the measure would provide that if the proponent, or a majority of the proponents if there is more than one proponent, of the initiative measure accepts the proposed amendments, the Legislature's proposal would appear on the ballot in place of the certified initiative measure. The measure would require that, if the amended form proposed by the Legislature is not accepted, information regarding the proposed amended form be included in the ballot materials relating to the initiative measure, as prescribed by statute. Calendar Events:

Summary: The State Teachers' Retirement Law (STRL) establishes the Defined Benefit Program of the State Teachers' Retirement System, which provides a defined benefit to members of the system based on final compensation, credited service, and age at retirement, subject to certain variations. STRL also establishes the Defined Benefit Supplement Program, which provides supplemental retirement, disability, and other benefits, payable either in a lump-sum payment, an annuity, or both to members of the State Teachers' Retirement Plan. STRL defines creditable compensation for these purposes as remuneration that is payable in cash to all persons in the same class of employees, as specified, for performing creditable service. This bill would revise the definition of creditable compensation for these purposes and would identify certain payments, reimbursements, and compensation that are creditable compensation to be applied to the Defined Benefit Supplement Program. The bill would prohibit one employee from being considered a class. The bill would revise the definition of compensation with respect to the Defined Benefit Supplement Program to include remuneration earnable within a 5-year period, which includes the last year in which the member's final compensation is determined, when it is in excess of 125% of that member's compensation earnable in the year prior to that 5-year period, as specified. The bill would prohibit a member who retires on or after January 1, 2013, who elects to receive his or her retirement benefit under the Defined Benefit Supplement Program as a lump-sum payment from receiving that sum until 180 days have elapsed following the effective date of the member's retirement. Summary: Under existing law, the Public Utilities Commission has regulatory authority over public utilities. The Public Utilities Act authorizes the commission to ascertain and fix just and reasonable standards, classifications, regulations, practices, measurements, or services to be furnished, imposed, observed, and followed by specified public utilities, including gas corporations, as defined. This bill would designate the commission as the state authority responsible for regulating and enforcing intrastate gas pipeline transportation and pipeline facilities pursuant to federal law, including the development, submission, and administration of a state pipeline safety program certification for natural gas pipelines. The bill would require the commission, by July 1, 2012, to open an appropriate proceeding or expand the scope of an existing proceeding to establish compatible emergency response standards, as defined, that owners or operators of certain commission-regulated gas pipeline facilities, as defined, would be required to follow. The standards would require owners or operators of intrastate transmission and distribution lines to implement emergency response plans, with specified requirements, that are compatible with PHMSA's regulations concerning emergency plans. The bill would require the owners of intrastate transmission lines to provide the State Fire Marshal and the chief fire official of the applicable local government with instructions on how to access and utilize the National Pipeline Mapping System developed by PHMSA to improve local response capabilities for pipeline emergencies. The bill would require the commission to report to the Legislature on the status of establishing the compatible emergency response standards on or before January 1, 2013. Status:05/26/2011-Held in committee and under submission.
Current Location:05/02/2011-S APPR. SUSPENSE FILE
Calendar Events:

Summary: Existing property tax law requires the county auditor, in each fiscal year, to allocate property tax revenue to local jurisdictions in accordance with specified formulas and procedures, and generally requires that each jurisdiction be allocated an amount equal to the total of the amount of revenue allocated to that jurisdiction in the prior fiscal year, subject to certain modifications, and that jurisdiction's portion of the annual tax increment, as defined. Existing property tax law also reduces the amounts of ad valorem property tax revenue that would otherwise be annually allocated to the county, cities, and special districts pursuant to these general allocation requirements by requiring, for purposes of determining property tax revenue allocations in each county for the 1992-93 and 1993-94 fiscal years, that the amounts of property tax revenue deemed allocated in the prior fiscal year to the county, cities, and special districts be reduced in accordance with certain formulas. Under these provisions for the 1992-93 fiscal year, the formula for special districts reduces the amounts of property tax revenue deemed allocated in the prior fiscal year to certain special districts by 35%, not to exceed 10% of a district's total annual revenues for the 1989-90 fiscal year, as reported in a specified publication of the Controller. Existing law requires the Director of Finance to ensure that the amount of these revenue reductions for all special districts equals \$375,000,000 for the 1992-93 fiscal year. This bill would, for the 2011-12 fiscal year, decrease by \$58,310 the total amount of property tax revenue deemed allocated to the Solano County ERAF for the Cordelia Fire Protection District for the prior fiscal year. This bill would also require that these allocation adjustments be incorporated into property tax revenue allocations for future fiscal years. This bill would also require the Director of Finance to ensure that this change does not result in an increase in the amount of a reduction under these provisions for any other special district. This bill would make findings and declarations regarding the necessity of a special statute. This bill contains other related provisions and other existing laws.

Existing law provides that if a similar investigation is made of any county, city, or district for 2 successive years, then a copy of the results of those investigations shall be transmitted to the grand jury of the county investigated or in which the local agency investigated is situated. This bill would expand the above provisions to also include a special district, joint powers authority, or redevelopment agency. This bill would also, until January 1, 2017, authorize the Controller to exercise discretionary authority to perform an audit or investigation of any county, city, special district, joint powers authority, or redevelopment agency, if the Controller has reason to believe, supported by documentation, that the local agency is not complying with the financial requirements in state law, grant agreements, local charters, or local ordinances. Calendar Events:

Summary: The California Constitution generally limits ad valorem taxes on real property to 1% of the full cash value of that property. For purposes of this limitation, "full cash value" is defined as the assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value" or, thereafter, the appraised value of that real property when purchased, newly constructed, or a change in ownership has occurred. Pursuant to an authorization in the California Constitution, existing law excludes from classification as "newly constructed" the construction or installation of any fire sprinkler system, other fire extinguishing system, fire detection system, or fire-related egress improvement that is constructed or installed in an existing building, as specified. This bill would expand this exclusion to include the construction or installation of any fire sprinkler system, other fire extinguishing system, and fire detection system in a new building, as defined, the construction or installation of which is completed on or after January 1, 2012. Summary: Existing law authorizes a governmental agency, as defined, to solicit proposals and enter into agreements with private entities for the design, construction, or reconstruction by, and lease to, private entities, for specified types of fee-producing infrastructure projects. Existing law permits these agreements to provide for infrastructure facilities owned by a governmental entity, but constructed by a private entity, to be leased to or owned by that private entity for a period of up to 35 years, after which time the project would revert to the governmental agency. This bill would authorize a local governmental agency to enter into an agreement with a private entity for financing for specified types of revenue-generating infrastructure projects. The bill would require an agreement entered into under these provisions to include adequate financial resources to perform the agreement, and would additionally permit the agreements to lease or license to, or provide other permitted uses by, the private entity.

SB 499 (Huff) Redevelopment: tax increment calculations. (A-04/11/2011 [html](#) [pdf](#))

Status:04/27/2011-Set, first hearing. Hearing canceled at the request of author.

Current Location:04/11/2011-S APPR.

Calendar Events:

Summary: The Community Redevelopment Law authorizes the establishment of redevelopment agencies in communities to address the effects of blight, as defined, in blighted areas in those communities known as project areas. The California Constitution authorizes a redevelopment agency to receive funding through tax increments attributable to increases in assessed property tax valuation in a project area due to redevelopment. Existing statutory law also requires an agency to remit specified funds based on net tax increment apportioned to the agency for deposit in separate funds for various purposes. This bill would authorize a redevelopment plan to contain a provision that limits the

dollar amount of property tax increment revenue that may be divided and allocated to the agency, as specified, in any single year. The bill would also require that a certain portion of taxes received by or apportioned to an agency be based on a prescribed amount in the course of making a calculation relating to a required agency payment or allocation. This bill contains other related provisions.

SB 536 (DeSaulnier) Property tax revenue allocations: public utilities: qualified property: City of Oakley. (A-09/02/2011 [html](#) [pdf](#))

Status:09/02/2011-Read third time and amended. Ordered to third reading.

Current Location:09/02/2011-A THIRD READING

Calendar Events:09/06/11 101 ASM SENATE THIRD READING FILE

Summary:

The California Constitution requires the State Board of Equalization to assess the property, other than franchises, of companies transmitting or selling gas or electricity. Existing property tax law provides for the valuation, as a unit, of properties of a state assessee that are operated as a unit as a primary function of that assessee, and for the allocation of the assessed value of the unit among various counties in which the state assessee's unitary property is located. Existing law also provides, pursuant to specified formulas, for the application in each county of specified tax rates to unitary assessed value, and for the allocation among jurisdictions in that county of the resulting revenues. This bill would, for the 2011-12 fiscal year and for each fiscal year thereafter, require that a specified amount of property tax revenues derived from applying a specified tax rate to qualified property, as defined, be allocated first to the county in which the qualified property is located and to all of the school entities located in that county, 2nd to the East Contra Costa Fire Protection District, with the balance allocated to the City of Oakley . This bill would also require that a specified amount of property tax revenues derived from applying another specified tax rate to the qualified property be first allocated to taxing jurisdictions in those tax rate areas in the county in which the qualified property is located, with the balance allocated to taxing jurisdictions pursuant to a specified formula. The bill would require the City of Oakley to reimburse the county auditor for the actual and reasonable costs incurred by the county auditor in administering these allocations. The bill would also require the City of Oakley to develop one new housing unit for each 40 jobs created on real property within a specified area, as prescribed. By establishing new duties upon local county officials with respect to the annual allocation of property tax revenues derived from state-assessed property, and by establishing new duties upon the City of Oakley with respect to the development of affordable housing, this bill would create a state-mandated local program. This bill contains other related provisions and other existing laws.

Status:08/23/2011-Withdrawn from committee. Re-referred to Com. on RLS.

Current Location:08/23/2011-S RLS.

Calendar Events:

Summary:

Existing law establishes the Board for Professional Engineers and Land Surveyors in the Department of Consumer Affairs. Existing law recognizes various engineering disciplines. Existing law prohibits the practicing of civil, electrical, and mechanical engineering by any person who has not passed a specified examination and who is not appropriately licensed by the board in that discipline. Existing law makes various violations of the Professional Engineers Act a crime, including the practice or offer to

practice by a person of civil, electrical, or mechanical engineering without authorization as provided by the act. This bill would prohibit the practice of agricultural, chemical, control system, fire protection, industrial, metallurgical, nuclear, petroleum, and traffic engineering, as defined, by any person who has not passed a specified examination and who is not appropriately licensed by the board in the particular discipline. The bill would authorize any licensed engineer to practice engineering work in any of those fields in which he or she is competent and proficient. The bill would make other changes to related provisions. This bill contains other related provisions and other existing laws.

Summary: Existing law prohibits an employer from issuing in payment of wages due certain instruments, including an order, check, draft, note, memorandum, scrip, coupon, card, or other acknowledgment of indebtedness or redeemable instrument, unless specified requirements are satisfied. This bill would authorize an employer to pay an employee's wages by means of a payroll card, as defined, provided that specified requirements are satisfied. In addition, the bill would make a violation of its provisions a misdemeanor and would subject a violator to specified civil penalties. By creating new crimes, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Current Location:09/01/2011-A BUDGET

Calendar Events:09/06/11 Upon Call of the Chair - State Capitol, Room 4202 ASM BUDGET X1

Summary: Existing law requires the state to have the primary financial responsibility for preventing and suppressing fires in areas that the State Board of Forestry and Fire Protection has determined are state responsibility areas (SRAs). The bill would revise and recast these SRA fee provisions instead to, among other things, require the board to adopt emergency regulations to establish and administer fire protection fees in specified amounts, but not in an amount that would exceed the reasonable costs of providing fire protection services. The bill would require a fee of \$1 per acre owned for the first 100 contiguous acres, and lesser amounts per acre for land over 100 contiguous acres, but a total amount not to exceed \$3,000 for 10,000 or more acres owned. In addition, the bill would require a fee of not less than \$175 for one building or structure on land in an SRA and \$25 for each subsequent building or structure, with a \$25 credit for those property owners who are located in an established fire protection district. The bill would rename the fund the State Responsibility Area Protection Fund and require this money to be deposited into the fund to provide for fire protection activities, including, but not limited to, the portion of the Department of Forestry and Fire Protection's costs associated with fire protection that benefit owners of property in a state responsibility area. The bill would authorize the Director of Finance to make a loan from the General Fund to the department and State Board of Equalization to meet cash needs resulting from the delay in receipt of revenues in the fund, as provided. This bill contains other related

provisions and other existing laws.

Current Location:09/02/2011-A BUDGET

Calendar Events:09/06/11 Upon Call of the Chair - State Capitol, Room 4202 ASM BUDGET X1

Summary: Existing law suspends various activities of redevelopment agencies and prohibits the agencies from incurring indebtedness for a specified period. Existing law also dissolves redevelopment agencies and community development agencies, as of October 1, 2011, and designates successor agencies, as defined. Existing law exempts from dissolution a redevelopment agency of a community where the city or county that created the agency participates in an alternative voluntary redevelopment program, where, among other things, the city or county makes remittances for deposit in the Special District Allocation Fund, as prescribed. During the 2011-12 fiscal year, a city or county is authorized to appeal the remittance amount, as determined by the Director of Finance, on the basis that specified information used to calculate the remittance amount was in error. This bill would authorize a city or county to file an application for relief in the amount of the remittance, on or before November 1, 2011, on the basis that the amount of the remittance will place a significant and detrimental fiscal requirement on the city or county. This bill contains other related provisions and other existing laws.

Status:06/29/2011-From printer. May be acted upon on or after July 29.

Current Location:06/28/2011-S PRINT

Calendar Events:

Summary:

The California Constitution provides that the retirement board of a public pension or retirement system has plenary authority and fiduciary responsibility for investment of moneys and administration of the system. Existing law establishes various public agency retirement systems, including the Public Employees' Retirement System (PERS), the State Teachers' Retirement System (STRS), the Judges' Retirement System II, and various county retirement systems pursuant to the County Employees Retirement Law of 1937, among others, and these systems provide defined pension benefits to public employees based on age, service credit, and final compensation. The California Constitution permits a city or county to adopt a charter for purposes of its governance that supersedes general laws of the state in regard to specified subjects, including compensation of city or county employees. The California Constitution also establishes the University of California as a public trust with full powers of organization and government, subject only to specified limitations. Charter cities and the University of California may establish pension plans under their respective independent constitutional authority. This measure would provide that any change to the formula used to calculate the pension benefits of a member of a public retirement system, as defined, that results in an increase in the member's pension benefits shall apply only to service performed on and after the operative date of the change, and would prohibit the retroactive application of that change. This bill contains other related provisions and other existing laws.

Calendar Events:

Summary:

The California Constitution requires that a change in state statute, passed by the Legislature, that results in a taxpayer paying a higher tax be imposed in an act that is passed with the approval of not less than 2/3 of the membership of each house of the Legislature. This measure would alternatively allow a change in state statute, passed by the Legislature, that results in a taxpayer paying a higher tax to be imposed in an act passed by a majority of the membership of each house of the Legislature, where that change becomes effective only when submitted to the voters and approved by a majority of the voters voting on that measure at a statewide election. Current Location:04/07/2011-S RLS.

Calendar Events:

Summary: Under the California Constitution, the Legislature by rollcall vote entered in the journal, two-thirds of the membership of each house concurring, may submit at a general election the question whether to call a convention to revise the Constitution. If the majority vote yes on that question, within 6 months the Legislature is required to provide for the convention. This measure would propose that the people of the State of California vote at the next statewide general election on the question of whether to call a convention to revise the California Constitution.
